¹ The blended rates set forth for certain professionals reflect the average billing rate for the entire Application Period and incorporate a reduced billing rate for nonworking travel time. On September 1, 2006, Skadden changed its standard bundled hourly rates in accordance with firm policies for periodic rate adjustments as disclosed on Skadden's Retention Application (as defined below) and the supporting declaration attached thereto. Prior to this Application Period, Skadden notified the Delphi Fee Review Committee (as defined below) of the pending change in the standard bundled hourly rate schedule and as an accommodation to the Debtors, those rate changes were made effective as of October 1, 2006. Skadden's current hourly rates under the bundled rate structure during this Fourth Application Period were as follows: \$630 to \$875 for partners and of counsel, \$595 to \$665 for counsel and special counsel, \$315 to \$585 for associates, and \$160 to \$250 for legal assistants.

FOURTH INTERIM APPLICATION OF SKADDEN, ARPS, SLATE,
MEAGHER & FLOM LLP, COUNSEL TO DEBTORS-IN-POSSESSION, SEEKING
ALLOWANCE AND PAYMENT OF INTERIM COMPENSATION AND REIMBURSEMENT
OF EXPENSES UNDER 11 U.S.C. §§ 330 AND 331

("FOURTH SKADDEN INTERIM FEE APPLICATION")

Skadden, Arps, Slate, Meagher & Flom LLP ("Skadden"), counsel for Delphi Corporation ("Delphi") and certain of its subsidiaries and affiliates (the "Affiliate Debtors"), debtors and debtors-in-possession in the above-captioned cases (the "Reorganization Cases"), submits this fourth interim application (the "Interim Application") seeking interim allowance and payment of compensation and reimbursement of expenses under 11 U.S.C. §§ 330 and 331 for the period from October 1, 2006 through January 31, 2007 (the "Application Period"). Skadden submits this Interim Application for (a) allowance of compensation for professional services rendered by Skadden to the Debtors and (b) reimbursement of actual and necessary charges and disbursements incurred by Skadden in the rendition of required professional services on behalf of the Debtors. In support of this Interim Application, Skadden represents as follows:

Background

A. The Chapter 11 Filings

1. On October 8 and 14, 2005 (the "Petition Dates"), Delphi and certain of its U.S. subsidiaries and affiliates filed voluntary petitions in this Court for reorganization relief under chapter 11 of title 11 of the United States Code, 11 U.S.C. §§ 101-1330, as then amended (the "Bankruptcy Code"). The Debtors continue to operate their businesses and manage their properties as debtors-in-possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. This Court entered orders directing the joint administration of the Debtors' chapter 11 cases.

2. On October 17, 2005, the Office of the United States Trustee (the "U.S. Trustee") appointed an official committee of unsecured creditors (the "Creditors' Committee"). On April 28, 2006, the U.S. Trustee appointed an official committee of equity holders (the "Equity Committee"). No trustee or examiner has been appointed in the Debtors' cases.

3. On May 5, 2006, this Court authorized the establishment of a joint fee review committee (the "Fee Review Committee") and approved a protocol regarding the committee, its composition, mandate, and procedures (Docket No. 3630) (the "Fee Review Protocol"). The Fee Review Committee is comprised of representatives of each of: (a) the U.S. Trustee for this District, (b) the Debtors, and (c) the Creditors' Committee.

4. This Court has jurisdiction over this application pursuant to 28 U.S.C. §§ 157 and 1334. Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409. This matter is a core proceeding under 28 U.S.C. § 157(b)(2).

5. The statutory predicates for the relief requested herein are sections 330 and 331 of the Bankruptcy Code, Rule 2016 of the Federal Rules of Bankruptcy Procedure, and Rule 2016-1 of the Local Bankruptcy Rules for the United States Bankruptcy Court for the Southern District of New York (the "Local Rules"). This Interim Application has been prepared in accordance with the Amended Guidelines for Fees and Disbursements for Professionals in Southern District of New York Bankruptcy Cases, adopted by the Court on April 19, 1995 (the "Local Guidelines"), and the United States Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed Under 11 U.S.C. § 330 (Appendix A to 28 C.F.R. § 58), dated May 17, 1996 (the "UST Guidelines" and, together with the Local Guidelines, the "Guidelines"). Pursuant to the Local Guidelines, a certification regarding compliance with the Guidelines is attached hereto as Exhibit A.

Retention Of Skadden

6. Upon the commencement of the Reorganization Cases, the Debtors applied to this Court for an order approving the retention of Skadden as their principal restructuring and bankruptcy counsel (the "Retention Application") to perform legal services under a general

retainer that was necessary to enable the Debtors to faithfully execute their duties as debtors-in-possession. On November 4, 2005, this Court entered an order (the "Retention Order")³ authorizing the Debtors to employ Skadden as their counsel under the terms set forth in the Retention Application.⁴

7. In the Retention Application, the Debtors disclosed that Skadden's fees for professional services are based on its guideline hourly rates, which are periodically adjusted. The Debtors also disclosed in the Retention Application that Skadden's charges and disbursements are invoiced pursuant to Skadden's Policy Statement Concerning Charges and Disbursements, a copy of which is attached to the Engagement Agreement. Certain charges and disbursements are not charged separately under the bundled rate structure as described in the Retention Application. Other than an arrangement between Skadden and its members, there is no agreement or understanding between Skadden and any person for the sharing of compensation to be received for services rendered in this case.

Fee Procedures And Monthly Fee Statements

8. On November 4, 2005, this Court entered the Order Under 11 U.S.C. § 331 Establishing Procedures For Interim Compensation And Reimbursement Of Expenses Of Professionals (Docket No. 869) (the "Initial Interim Compensation Order"). This order was subsequently amended on March 8, 2006 (Docket No. 2747), March 28, 2006 (Docket No. 2986), May 5, 2006 (Docket No. 3630), July 12, 2006 (Docket No. 4545), October 13, 2006 (Docket No.

³ A copy of the Retention Application, the supporting declaration, and the Retention Order are attached collectively hereto as Exhibit B. These materials include factual information regarding the experience and standing at the bar of certain of Skadden's senior attorneys.

⁴ The Retention Order incorporates the terms of an engagement agreement dated as of July 12, 2005 (the "Engagement Agreement"), between Skadden and the Debtors, a copy of which is attached as Exhibit A to the declaration supporting the Retention Application.

5310), and December 11, 2006 (Docket No. 6145) (collectively and together with the Initial Interim Compensation Order, the "Interim Compensation Order").

9. To monitor costs to the Debtors' estates and avoid duplicative efforts in the review of fee applications filed in these Reorganization Cases, the Debtors, the Creditors' Committee, and the U.S. Trustee negotiated the formation of the Fee Review Committee to review, comment on, and, if necessary, object to the various fee applications filed in these Reorganization Cases. As stated above, on May 5, 2006, this Court authorized the establishment of the Fee Review Committee and approved the Fee Review Protocol. On August 17, 2006, this Court entered an order authorizing the Fee Review Committee to retain Legal Cost Control, Inc. ("LCC") as fee analyst to assist the Fee Review Committee (Docket No. 4959).

10. Pursuant to paragraphs 2(a), 2(j), and 7 of the Interim Compensation Order, as supplemented, and the Fee Review Protocol, Skadden is submitting this Interim Application to the Debtors, the U.S. Trustee, counsel to the Creditors' Committee, counsel to the agent under the Debtors' former prepetition credit facility, counsel to the agent under the Debtors' postpetition credit facility, and the members of the Fee Review Committee and its fee auditors.

Overview Of Delphi Corporation

11. Delphi and its subsidiaries and affiliates (collectively, the "Company"), as of December 31, 2006 had global net sales of \$26.4 billion, and global assets of approximately \$15.4 billion.⁵ At the time of its chapter 11 filing, Delphi ranked as the fifth largest public company business reorganization in terms of revenues, and the thirteenth largest public company

⁵ The aggregated financial data used in this Interim Application generally consists of consolidated information from Delphi and its worldwide subsidiaries and affiliates as disclosed in the Company's Form 10-K filed on February 27, 2007.

business reorganization in terms of assets. Delphi's non-U.S. subsidiaries are not chapter 11 debtors and continue their business operations without supervision from the Bankruptcy Court.⁶

12. The Company is a leading global technology innovator with significant engineering resources and technical competencies in a variety of disciplines, and is one of the largest global suppliers of vehicle electronics, transportation components, integrated systems and modules, and other electronic technology. The Company supplies products to nearly every major global automotive original equipment manufacturer (each an "OEM").

13. Delphi was incorporated in Delaware in 1998 as a wholly-owned subsidiary of General Motors Corporation ("GM"). Prior to January 1, 1999, GM conducted the Company's business through various divisions and subsidiaries. Effective January 1, 1999, the assets and liabilities of these divisions and subsidiaries were transferred to the Company in accordance with the terms of a Master Separation Agreement between Delphi and GM. In connection with these transactions, Delphi accelerated its evolution from a North American-based, captive automotive supplier to a global supplier of components, integrated systems, and modules for a wide range of customers and applications. Although GM is still the Company's single largest customer, today more than half of Delphi's revenue is generated from non-GM sources.

Events Leading To Chapter 11 Filing

14. In the first two years following Delphi's separation from GM, the Company generated approximately \$2 billion in net income. Every year thereafter, however, with the exception of 2002, the Company has suffered losses. In calendar year 2004, the Company

⁶ On March 20 2007, Delphi Automotive Systems Espana S.L., whose sole operation is a non-core automotive component plant in Cadiz, Spain, filed its "Concurso" application for a Spanish insolvency proceeding. The Concurso proceeding does not affect other Delphi legal entities in Spain or elsewhere and is an isolated event that is consistent with Delphi's transformation plan to optimize its manufacturing footprint and to lower its overall cost structure.

reported a net loss of approximately \$4.8 billion on \$28.6 billion in net sales.⁷ Reflective of a continued downturn in the marketplace, in 2005 Delphi incurred net losses of approximately \$2.4 billion on net sales of \$26.9 billion. In 2006, the Debtors incurred a net loss of approximately \$5.5 billion, approximately \$3.0 billion of which were charges related to U.S. employee special attrition programs implemented in furtherance of Delphi's transformation plan described below.

15. The Debtors believe that the Company's financial performance has deteriorated because of (a) increasingly unsustainable U.S. legacy liabilities and operational restrictions driven by collectively bargained agreements, including restrictions preventing the Debtors from exiting non-profitable, non-core operations, all of which have the effect of creating largely fixed labor costs, (b) a competitive U.S. vehicle production environment for domestic original equipment manufacturers resulting in the reduced number of motor vehicles that GM produces annually in the United States and related pricing pressures, and (c) increasing commodity prices.

16. In light of these factors, the Company determined that it would be imprudent and irresponsible to defer addressing and resolving its U.S. legacy liabilities, product portfolio, operational issues, and forward-looking revenue requirements. Because discussions with its major unions and GM had not progressed sufficiently by the end of the third quarter of 2005, the Company commenced these chapter 11 cases for its U.S. businesses to complete the Debtors' transformation plan and preserve value for its stakeholders.

⁷ Reported net losses in calendar year 2004 reflect a \$4.1 billion tax charge, primarily related to the recording of a valuation allowance on U.S. deferred tax assets as of December 31, 2004. The Company's net operating loss in calendar year 2004 was approximately \$482 million.

The Debtors' Transformation Plan

17. On March 31, 2006, the Company outlined five key tenets of its transformation plan. First, Delphi must modify its labor agreements to create a competitive arena in which to conduct business. Second, the Debtors must conclude their negotiations with GM to finalize GM's financial support for Delphi's legacy and labor costs and to ascertain GM's business commitment to the Company. Third, the Debtors must streamline their product portfolio to capitalize on their world-class technology and market strengths and make the necessary manufacturing alignment with their new focus. Fourth, the Debtors must transform their salaried workforce to ensure that the Company's organizational and cost structure is competitive and aligned with its product portfolio and manufacturing footprint.⁸ Finally, the Debtors must devise a workable solution to their current pension situation.

18. Upon the conclusion of the reorganization process, the Debtors expect to emerge as a stronger, more financially sound business with viable U.S. operations that are well-positioned to advance global enterprise objectives. In the meantime, Delphi will marshal all of its resources to continue to deliver high-quality products to its customers globally. Additionally, the Company will preserve and continue the strategic growth of its non-U.S. operations and maintain its prominence as the world's premier auto supplier.

⁸ As part of this effort, effective July 1, 2006, the Company realigned its business operations to focus its product portfolio on core technologies for which the Company believes it has significant competitive and technological advantages. The Company's revised operating structure consists of its four core business segments: Electronics and Safety, Thermal Systems, Powertrain Systems, and Electrical/Electronic Architecture. The Company also has two additional segments, Steering and Automotive Holdings Group, which are planned to be transitioned as part of the Company's transformation plan.

Significant Events During The Application Period

A. Framework Discussions

19. During the Application Period, the Debtors reached significant milestones in their reorganization. On December 18, 2006, Delphi announced that it had accepted a proposal for an equity purchase and commitment agreement (the "EPCA") with affiliates of Appaloosa Management L.P. ("Appaloosa"), Cerberus Capital Management, L.P. ("Cerberus"), and Harbinger Capital Partners Master Fund I, Ltd. ("Harbinger"), as well as Merrill Lynch & Co. ("Merrill Lynch") and UBS Securities ("UBS" and, collectively with Appaloosa, Harbinger, Cerberus, and Merrill, the "Plan Investors") to invest up to \$3.4 billion in preferred and common equity in the reorganized Delphi to support the company's transformation plan and the reorganization plan framework agreement signed by Delphi, the Plan Investors, and GM on December 18, 2006 (the "Plan Framework Support Agreement" or "PSA"), which should facilitate the Debtors' emergence from chapter 11. On the same date, Delphi accepted a proposal from JPMorgan Chase Bank, N.A. and a group of lenders to refinance in full the Debtors' existing \$2.0 billion debtor-in-possession financing facility and approximately \$2.5 billion prepetition revolver and term loan facilities.

20. The EPCA, the PSA, and several ancillary instruments (together, the "Framework Agreements") are the result of months of intense negotiation among the Debtors, the statutory committees, GM, and the Plan Investors. The negotiation among the parties did not end after the motion seeking approval of the Framework Agreements was filed on December 18, 2006. Instead, over the course of the twenty-four days between the filing of the motion seeking approval of the Framework Agreements and the two-day hearing on the Framework Agreements that commenced on January 11, 2007, the Debtors received multiple objections to the relief requested,

conducted numerous "meet-and-confer" conferences with objecting parties, responded to the discovery and deposition requests of the objecting parties, received and evaluated an unsolicited, competing multi-billion dollar investment proposal, and resolved certain alleged ambiguities in the Framework Agreements. Ultimately, on January 12, 2007, after two days of testimony and arguments, the Court entered an order (the "Framework Approval Order") authorizing the Debtors to enter into the Framework Agreements. Nearly one-third of the professional fees for which the Debtors seek approval pursuant to this Interim Application relate to the negotiation and drafting of the Framework Agreements, the prosecution of the Debtors' motion for authorization to enter into such agreements, and other matters relating to the Debtors' implementation efforts.

B. Claims Administration

21. One of the requirements of the Framework Agreements is that certain prepetition trade and other unsecured claims be reduced to \$1.7 billion or less. With \$37 billion in liquidated amounts plus certain unliquidated amounts asserted against the Debtors as of January 31, 2007 on account of more than 16,500 proofs of claim and certain scheduled liabilities for which no proof of claim was filed, the Debtors face a challenging task. To satisfy this requirement, during the Application Period, the Debtors and their advisors devoted a significant amount of time to the claims resolution process. During the Application Period, in just four months, the Debtors, with the assistance of their advisors, filed six omnibus claims objections which ultimately led to court orders that disallowed, expunged, or reduced approximately 4,800 claims in the approximate amount of \$6.4 billion, or approximately 17% of the aggregate face amount of liquidated claims asserted. In addition, the Debtors gained court approval of certain claims objection procedures applicable to claims that become contested when claimants respond to an omnibus objection. Pursuant to these procedures, the Debtors have scheduled nearly three

dozen claims for adjudication in a hearing before this Court, held multiple "meet-and-confer" discussions and mediations, and ultimately resolved thirteen contested claims during the Application Period before they were scheduled for hearing. Finally, with respect to contested claims that proceeded to hearing, the Debtors obtained orders disallowing and expunging 94% of such claims, thus reducing the prepetition unsecured claims pool by another \$212 million.

C. GM And Labor Negotiations

22. Another requirement of the Framework Agreements is the conclusion of comprehensive agreements with Delphi's U.S. labor unions and GM that are consistent with the Debtors' transformation plan. As a result of the progress achieved in connection with the Framework Agreements, the Debtors sought, and this Court approved, an order suspending the Debtors' section 1113/1114 motion to reject their collective bargaining agreements and their motion to reject certain unprofitable GM supply contracts. During the Application Period Delphi, together with the Plan Investors and GM, developed several joint labor proposals adjusted for the circumstances of Delphi's principal unions. These proposals addressed a broad range of issues, including changes to compensation and benefits, the future of the Debtors' product portfolio and manufacturing footprint, and the triggering of the GM benefit guarantee.

23. In addition, the Debtors and GM have also continued to engage in negotiations (which have included the Plan Investors) to establish and memorialize GM's future commitments to the Debtors as a supplier. Included in these negotiations were discussions about, among other things, GM's commitment to the Framework Agreements and the Debtors' emergence from chapter 11, reconciling claims related to certain legacy agreements, and alleged warranty liability. These agreements, once reached, should pave the way for the Debtors to emerge from chapter 11.

D. DIP Refinancing

24. During the Application Period, due to the robust conditions in the capital markets and the positive momentum in the Reorganization Cases, the Debtors determined that they could replace their existing prepetition and postpetition financing facilities with more favorable terms. Accordingly, with the assistance of their professional advisors, the Debtors negotiated a \$4.5 billion refinancing to replace their existing secured prepetition and postpetition secured debt, which saves the estates approximately \$9 million per month and provides a platform from which to secure and negotiate an exit facility. The refinanced loan consists of a \$1.75 billion first priority revolving credit facility, a \$250 million first priority term loan, and an approximate \$2.5 billion second priority term loan. Under the refinanced facility, the maturity date for the Debtors' DIP facility was also extended from October 8, 2007 to December 31, 2007.

E. GM Investigations

25. Another key matter that the Debtors continued to address during this Application Period was the investigation of legacy and other claims against GM. Early in these cases, the Debtors listed unliquidated claims against GM in their Statement of Financial Affairs and Schedules of Assets and Liabilities. Thereafter, pursuant to a motion filed by the Creditors' Committee that was unopposed by the Debtors, this Court entered an order requiring GM to produce certain documents to the Creditor's Committee regarding certain claims that the Debtors hold against GM and that GM allegedly holds against the Debtors. Additionally, the Debtors and the Creditors' Committee entered into a joint interest agreement whereby the Debtors agreed to share certain confidential information with the Creditors' Committee. Based in part on the documents provided by the Debtors to the Creditors' Committee, prior to the Application Period the Creditors' Committee filed a motion seeking court authority to prosecute the Debtors' claims

and defenses against GM and certain former officers of Delphi on the Debtors' behalf (also known as the STN Motion) (Docket No. 4718), to which the Debtors filed a preliminary objection on August 4, 2006 (Docket No. 4859). The STN motion remains pending and was most recently adjourned to the April 20, 2007 omnibus hearing. The Equity Committee, which has also been provided information by the Debtors pursuant to a joint interest agreement, has also articulated its views regarding the Debtors' claims and defenses against GM in submissions to the Debtors and court filings. During the application period, Skadden continued its work in assisting with the Debtors' evaluation of potential claims and defenses against GM, which will either be resolved as part of a consensual plan of reorganization process or litigated if a consensual resolution of the GM legacy issues cannot be reached.

Requested Fees And Reimbursement Of Expenses

26. Skadden has played an important role in advising the Debtors with respect to implementing their restructuring strategy and developing and negotiating a framework agreement that may provide the foundation for a plan of reorganization. As a result of its efforts during the Application Period, Skadden now seeks interim allowance of \$12,820,504 in fees calculated at the applicable guideline hourly billing rates of the firm's personnel who have worked on the Reorganization Cases, and \$708,096 in charges and disbursements actually and necessarily incurred by Skadden while providing services to the Debtors during the Application Period.

27. This Interim Application reflects (a) a voluntary reduction by Skadden in connection with each monthly statement in the aggregate amount of \$1,048,877 with respect to fees (generally including the elimination from any matter of any timekeeper who recorded less than one hour and the elimination of any timekeeper who recorded less than \$2,500 in the aggregate on all Delphi matters) and \$122,101 with respect to charges and disbursements

(including, among other things, certain reductions to in-firm food services to comply with the Fee Review Committee's guidelines) and (b) an additional voluntary reduction in the amount of \$106,834 in connection with this Interim Application to reflect, among other things, the elimination of all fees related to (i) any timekeeper who billed fewer than ten total hours during the Application Period, (ii) any timekeeper who billed less than \$1,000 during the Application Period, (iii) any instance in which a timekeeper billed less than \$1,000 to a particular matter during the Application Period, and (iv) the elimination of any matter to which fewer than ten hours were billed during the Application Period. Accordingly, including the voluntary client accommodations in connection with each monthly statement, Skadden is voluntarily reducing its fees by \$1,155,711, or approximately 8.3%, and its charges and disbursements by \$122,101, or approximately 14.7%, for a total reduction of \$1,277,812 for items that Skadden normally would bill its clients.⁹

28. In staffing this case, in budgeting and incurring charges and disbursements, and in preparing and submitting this Interim Application, Skadden has been mindful of the need to be efficient while providing appropriate and vigorous representation of the Debtors. As described in detail herein, Skadden believes that the requests made in this Interim Application comply with this Court's standards in the context of the unique circumstances surrounding these unusually large and complex cases.

⁹ Skadden believes that the amounts requested in this Interim Application are reasonable in relation to the services rendered. The amounts requested are already reduced to reflect the client accommodations described herein. To the extent that a party objects to this Interim Application, Skadden reserves the right to recapture such client accommodations and seek up to the full amount of fees and expenses actually incurred in connection with this engagement. Furthermore, Skadden reserves its right to recapture and seek allowance of all client accommodations as part of its final fee application.

Summary Of Services Rendered By
Skadden During The Application Period

29. Throughout the Application Period, Skadden has worked closely with the Debtors and their advisors to administer these estates and maximize the return for parties-in-interest. These services have been directed toward a myriad of tasks necessary to achieve this result. To meet the Debtors' needs, Skadden has provided multi-disciplinary services on a daily basis, often working nights, weekends, and holidays. Throughout this process, certain of the principal Skadden attorneys working on the Reorganization Cases were required to devote the vast majority of their time to this matter, often to the exclusion of other clients. As a result of the efforts of the Debtors and their professionals, the Debtors continued to make substantial progress in evaluating their businesses and pursuing their transformation plan; negotiated and received court approval of the Framework Agreements with GM, the statutory committees, and other key parties-in-interest; and continued to reconcile claims asserted against the Debtors at an intense pace, all of which is meant to facilitate the Debtors' goal of emerging from chapter 11 during 2007.

30. At the commencement of the Reorganization Cases, Skadden created 45 different matter numbers or subject-matter categories (the "Matter Categories") to which its professionals assigned the time billed by them, all of which are related to the tasks performed by Skadden on behalf of the Debtors.¹⁰ Skadden has kept a contemporaneous record of the time spent rendering such services and, consistent with the Guidelines, separated tasks in billing

¹⁰ There are now 47 Matter Categories because Skadden added two additional matter categories since the Petition Date: Customer Matters (Review and Investigations) and Rights Offering. Exhibit C contains a table of all matter numbers used by Skadden in these Reorganization Cases, as well as a description of certain business statistics of Skadden in these Reorganization Cases.

increments of one-tenth of an hour. All of the services performed by Skadden have been legal in nature and necessary for the proper administration of the Reorganization Cases.

31. Skadden devoted approximately 68.7% of its time to the following seven matters, each of which was responsible for fees in excess of \$400,000 during the Application Period: Reorganization Plan/Plan Sponsors, Claims Administration (General), Customer Matters (Reviews/Investigations), Case Administration, Asset Dispositions (General), Rights Offering, and Tax Matters.

32. Skadden devoted approximately 27.0% of its time in the aggregate to the following 14 matters, billings for each of which were between \$100,000 and \$400,000 during the Application Period: Nonworking Travel Time, Retention/Fee Matters/Objections (Others), Retention / Fee Matters (SASM&F), Litigation (Insurance Recovery), Financing (DIP and Emergence), General Corporate Advice, Automatic Stay (Relief Actions), Creditor Meetings/Statutory Committees, Environmental Matters, Business Operations/Strategic Planning, Supplier Matters, Employee Matters (Labor Unions), Leases (Real Property), and Employee Matters (General).

33. The remainder of time billed by Skadden (approximately 4.2%) was devoted to the following 13 matters, each of which accounted for less than \$100,000 during the Application Period: Customer Matters (GM), Employee Matters (Pension), Regulatory and SEC Matters, Disclosure Statement/Voting Issues, Executory Contracts (Personalty), Intellectual Property, Global Subsidiaries (Non-U.S.), Secured Claims, Real Estate (Owned), Litigation (General), Utilities, Claims Administration (Reclamation/Trust Funds), and Reports and Schedules.

Matters Greater Than \$400,000

A. Reorganization Plan/Plan Sponsors

34. As previously discussed, the primary advancement of the Reorganization Cases during the Application Period relates to the Debtors' entry into the Framework Agreements with the Plan Investors and GM. During the Application Period, Skadden devoted a significant amount of time to assisting the Debtors with the negotiation and documentation of the Framework Agreements, and ultimately, the eventual prosecution of the Plan Investor and Framework Support Approval Motion.

35. The Framework Discussions. The framework discussions, which commenced on August 1, 2006, progressed significantly in the two months prior to the Application Period. Prior to the Application Period, the Debtors and Skadden believed that the framework discussions had yielded significant progress because the discussions had produced multiple proposals and drew the interest of several unaffiliated potential plan investors, which stirred a competitive process.

36. During the Application Period, framework discussions led to the Framework Agreements. In October 2006, the Debtors, with the assistance of Skadden, entered into non-disclosure agreements with Cerberus and other potential plan investors, and then expanded the framework discussions being conducted with the statutory committees and GM to include these potential plan investors, as well as Appaloosa, which had been in discussion with stakeholders for some time. The framework discussions involved many implementation ideas for a transformed Delphi, and Skadden professionals assisted the Debtors in reviewing and evaluating carefully all of these suggestions. These discussions were intended to provide a basis for developing the framework for an eventual reorganization plan. The discussions addressed

various matters, including allocation of legacy liabilities, wind- down or divestiture of non-core North American facilities, GM's contribution and recovery, potential plan treatment for various stakeholders, the anticipated scope of, and potential limitations on, general unsecured claims, future capital structure, and corporate governance upon emergence.

37. By November 2006 the Debtors, with the assistance of their advisors, including Skadden, narrowed the potential investment proposals to two investor groups. The Debtors and their advisors met with both investor groups multiple times at Skadden's offices, and held discussions with them in smaller groups continuously through mid-November.

38. On the morning of November 16, 2006, the Debtors convened a meeting at Skadden's New York offices among principals and advisors from the Debtors, the statutory committees, the potential plan investors, and GM. During a day of intense negotiations and discussions, the participants worked through significant issues concerning the framework. The Debtors, with the assistance of Skadden, negotiated with the potential investors over numerous deal points favored by the statutory committees, and ultimately obtained positive results on many issues that were believed to be significant to the statutory committees. At the conclusion of the full-day session on November 16, the Debtors believed they had achieved significant progress such that the framework structure under consideration would be supported ultimately by the committees.

39. The all-day framework session was followed by an evening meeting of the Board, at which the Debtors selected Appaloosa/Harbinger and Cerberus (together with Merrill Lynch and UBS) as potential plan investors. The Debtors, at the direction of the Board, were instructed to pursue earnest negotiation of definitive documents with the Plan Investors to determine if there was a viable transaction that could be accomplished.

40. By late November 2006, the Debtors, with the assistance of Skadden, and the Plan Investors began working on documenting their agreements through a series of drafting sessions held at Skadden's New York offices. Prior to that time period, various groups had circulated and commented on draft "term sheets" outlining potential Framework Agreements and discussion points related to the Framework Agreements. The drafting sessions between the Plan Investors and the Debtors produced early drafts of the EPCA and the PSA.

41. On December 11, 2006, Delphi's management presented drafts of the EPCA and the PSA to the Board. These agreements were fully negotiated and were the most favorable agreements that management believed it could reasonably achieve under the circumstances through arms-length bargaining. After a full discussion with the management team and the Debtors' advisors, the Board approved and authorized the Debtors to enter into the Framework Agreements. On December 18, 2006, Delphi announced that it had entered into the PSA with the Plan Investors and GM, which outlined a framework plan of reorganization, including an outline of the proposed financial recovery of the Company's stakeholders and the treatment of certain claims asserted by GM, the resolution of certain pension funding issues, and the corporate governance of reorganized Delphi. The PSA, as well as the economics and structure of the plan framework itself, was expressly conditioned on reaching consensual agreements with the Unions (as defined below) and GM. On the same date, the Debtors filed the Framework Approval Motion¹¹ with the Bankruptcy Court seeking approval of the PSA and the EPCA. The hearing on the Framework Approval Motion was initially scheduled for January 5, 2007.

¹¹ See Expedited Motion for Order Authorizing and Approving The Equity Purchase and Commitment Agreement Pursuant to Sections 105(a), 363(b), 503(b), and 507(a) of the Bankruptcy Code and the Plan Framework Support Agreement Pursuant To Sections 105(a), 363(b), and 1125(e) of the Bankruptcy Code (Docket No. 6179) (the "Framework Approval Motion").

42. The Framework Hearing. Despite the months of negotiations, the Framework Approval Motion immediately drew objections from the Debtors' statutory committees. The Debtors also received objections from the Ad Hoc Committee of Delphi Trade Claim Holders, the International Union of Electronic, Electrical, Salaried, Machine and Furniture Workers-Communications Workers of America (the "IUE-CWA"), the International Union of Operating Engineers (the "IUOE"), the International Brotherhood of Electrical Workers (the "IBEW"), and the U.S. Trustee. In addition, on December 21, 2006, the Debtors received an unsolicited investment proposal from Highland Capital Management, L.P. ("Highland"). Highland also issued a press release stating that it was prepared to offer a competing investment proposal to the Debtors as an alternative to that embodied in the Framework Agreements and that it had submitted a letter to the Board outlining the proposal's principal terms. The text of the letter was appended to the press release. Highland also objected to the Framework Approval Motion and attached its alternative proposal as an exhibit to its objection.

43. Highland had made no prior contact with the Debtors regarding participation in the Debtors' reorganization. Nevertheless, Delphi acknowledged publicly on December 21, 2006, that it would carefully analyze and consider Highland's proposal and discuss its merit with the Board. That same day, the Debtors' Chief Restructuring Officer and General Counsel commenced discussions with Highland. The Debtors and their advisors immediately engaged in discussions with Highland to better understand and explore Highland's proposal and the Board was kept apprised of the key terms, similarities, and differences between the Framework Agreements and Highland's proposal.

44. Simultaneously, the Debtors and their advisors were working to resolve the objections received to the Framework Approval Motion. On December 29, 2006, the Debtors

submitted a response, acknowledged by GM, Appaloosa, and Cerberus, to various statements propounded by the Creditors' Committee, the Equity Committee, and the Trade Committee in which the committees purported to set forth ambiguities in the Framework Agreements. The Debtors' response stated that the parties agreed to make certain clarifications to the Framework Agreements in response to the committee's objections and statements of purported ambiguities.

45. While attempting to resolve the objections to the Framework Approval Motion, the Debtors' discussions with Highland continued, including attempts to negotiate the terms and conditions of a proposed confidentiality agreement. These discussions included a lengthy meeting on January 2, 2007 at the Debtors' headquarters in Troy, Michigan in which principals for the Debtors and Highland as well as legal and financial advisors for both the Debtors and Highland participated. As a result of these meetings and discussions, Highland agreed to provide additional information to the Debtors later in the week of January 2, 2007, including proposed markups of the existing Framework Agreements, its due diligence requests and timetable, and its vision statement regarding execution of the transaction and the value Highland would bring to the Debtors as a plan investor.

46. On January 3, 2007, the Board met and continued its evaluation of the Highland proposal. During that same time, the Debtors solicited input from their key constituents including GM, the statutory committees, the Unions, and other stakeholders regarding the Highland proposal. On January 10, after consulting with the Board, the Debtors advised Highland that they decided to proceed with the Framework Hearing on January 11, 2007 and seek approval of the Framework Motion. The Debtors concluded that it was in the best interests of the Company and its stakeholders, taken as a whole, to enter into the PSA and EPCA and ultimately carry out the terms of those agreements. Accordingly, the Debtors advised Highland that, among other things,

based on the information then available, the Debtors could not conclude that the Highland proposal, as a matter of fact, would deliver superior value to the Debtors' stakeholders and that, like the Framework Agreements, there were significant conditionality and execution risks in the Highland proposal.¹²

47. Despite the best efforts of the Debtors and their advisors, the hearing on the Framework Approval Motion was contested. Consequently, preparation for this hearing required significant time and attention from the Debtors and their advisors. The discovery process preceding the hearing required roughly half a dozen formal "meet-and confer" discussions, multiple telephonic chambers conferences, and the review and production of a significant volume of documents generated during the course of the framework discussions since August 2006. The process also resulted in a number of amendments to the EPCA and the PSA, some of which were intended to address concerns raised by the objecting parties.

48. The hearing on the Plan Investment and Framework Approval Motion took place on January 11 and 12, 2007. Four witnesses testified at the hearing, including the Executive Chairman of the Board, the Debtors' Chief Restructuring Officer, and the Debtors' lead financial advisor. After closing arguments, on January 12, 2007, this Court read its opinion adjudicating the matter and entered the Framework Approval Order, which reflected, among other things, that entry into the Framework Agreements was a proper exercise of the Debtors' business judgment. The Court also noted in its bench ruling that the approval of the Framework Agreements was a "watershed event in the case" (Transcript from Hearing held on January 12, 2007, 112: 5) and remarked that Delphi's Board "is not only independent and without conflict but also one that acted with due care and responsibly and with a welcome degree of responsiveness to the views of their

constituents." Id. at 116: 13-15. On January 18, 2007, the Framework Agreements were fully executed.

49. Implementation Of EPCA And PSA. Following the entry of the Framework Approval Order, the Debtors turned their attention to implementing the terms of the Framework Agreements and developing a plan of reorganization based on the terms of the agreements. Two of the Debtors' most significant obligations under the Framework Agreements are to negotiate comprehensive settlement agreements with GM and the Debtors' U.S. unions. As a result of the progress achieved in connection with the Framework Agreements, the Debtors determined that the adjourned 1113 and 1114 Motion¹³ and the GM Contract Rejection Motion¹⁴ should be suspended to permit negotiations to continue. Therefore, following entry of the Framework Approval Order, the Debtors sought, and this Court approved, an order suspending prosecution of the motions indefinitely, effective January 31, 2007 (Docket No. 6779).¹⁵

50. By mid-January, 2007 the Debtors, after having obtained approval of the Framework Agreements, continued discussions with GM at various levels of their respective organizations concerning a broad spectrum of commercial matters. At the same time, the Debtors, GM, and the Plan Investors began work on a joint, consensual labor proposal. Although productive discussions have continued, as of the date of filing of this Interim Application, the Debtors have yet to conclude agreements with either GM or its U.S. labor unions.

¹⁴ See Motion For Order Under 11 U.S.C. § 365 And Fed. R. Bankr. P. 6006 Authorizing Rejection Of Certain Executory Contracts With General Motors Corporation (Docket No. 3033) (the "GM Contract Rejection Motion").

¹⁵ The Debtors have reserved their right to seek a hearing on these motions should circumstances so require.

51. In addition, in connection with the EPCA, the Debtors agreed to provide due diligence materials to the Plan Investors. On December 22, 2006, the Debtors received an expansive legal due diligence request from counsel to Appaloosa/Harbinger and Cerberus. In response to this diligence request, Skadden professionals worked with the Debtors to identify responsive documents. Specifically, Skadden professionals conducted numerous in-person meetings and teleconferences with the various employees of the Debtors to gather documents to be made available for the Plan Investors' review. Skadden professionals reviewed and indexed each document that was provided and created a data room in Troy, Michigan for the Plan Investors' attorneys to review. This data room was in addition to the other data rooms that were established prior to the Application Period by the Debtors with the assistance of Skadden in response to legal due diligence requests.

52. Additionally, during the Application Period, seven different attorneys for Appaloosa/Harbinger and Cerberus visited the data room in Troy, Michigan on various occasions to review documents. To facilitate this process, Skadden attorneys were on site in Troy to prepare and update the data room and to coordinate with counsel to the Plan Investors to ensure an appropriate setting and schedule for their review of documents. Throughout this process, Skadden professionals participated in numerous conference calls and in-person meetings between the Debtors' and counsel for the Plan Investors to ensure a timely and efficient flow of information between the parties. Following the on-site visits, Skadden also assisted the Debtors in responding to requests submitted by the Plan Investors for copies of documents that were reviewed in the data room in Troy.

53. In addition to the ongoing legal due diligence, the Plan Investors are also conducting financial and other business-related due diligence. In connection with these due

diligence efforts, the Debtors, with the assistance of their advisors, provide documents and presentations to the Plan Investors to assist the Plan Investors in the due diligence efforts. To maintain coordination between the legal and business due diligence, Skadden attorneys maintained constant communication with PricewaterhouseCoopers, the Debtors' retained professional to assist with due diligence, and the Debtors' business personnel leading the business side diligence. This has been particularly helpful because many follow up legal diligence requests are a result of the business diligence. As of the end of the Application Period and the filing of this Interim Application, the due diligence efforts remain a work in progress, and Skadden continues to work with the Debtors and counsel to the Plan Investors to provide responsive documents and information.

54. Finally, on December 22, 2006, shortly after the Debtors filed the Framework Approval Motion, the Debtors filed their third motion to extend the exclusivity period to file and solicit acceptances of a plan of reorganization (Docket No. 6285). To allow the Debtors time to implement the EPCA and the PSA (and to pursue alternative courses of action if the EPCA and the PSA were not consummated), Skadden assisted the Debtors in seeking an extension of the exclusive periods to file and solicit acceptances of a plan of reorganization through and including July 31, 2007 and September 30, 2007, respectively. The Creditors' Committee, the Equity Committee, and Highland objected to the motion. The Creditors' Committee withdrew its objection prior to the hearing. This Court overruled the objections filed by the Equity Committee and Highland and entered an order approving the motion on January 23, 2007 (Docket No. 6700).

55. In connection with the foregoing services, Skadden expended 7,454.6 hours during the Application Period for which Skadden seeks compensation of \$4,147,192, or 32.3% of

the total compensation sought in this Interim Application.¹⁶ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-1. B. Claims Administration (General)

56. As of January 31, 2007, more than 16,500 proofs of claim were filed against the Debtors, a portion of which assert, in whole or in part, unliquidated claims. As part of the Debtors' reconciliation efforts, the Debtors compared the proofs of claim received to scheduled liabilities and determined that there are certain scheduled liabilities for which no proof of claim was filed. In the aggregate, these proofs of claim and scheduled liabilities assert more than \$37 billion in liquidated amounts plus certain unliquidated amounts. Because of the magnitude of asserted claims, parties involved in the framework discussions have required a clear understanding of the scope of the allowed claims against the Debtors in these cases. Accordingly, during the Application Period, the Debtors, with the assistance of Skadden and other members of the Debtors' claims reconciliation team, completed a preliminary evaluation and estimation of the

amount and types of claims asserted against the Debtors. This preliminary evaluation and estimation contributed to the Debtors' ability to consummate the Framework Agreements.

57. The Debtors, with the assistance of Skadden, spent considerable time preparing for and presenting a claims administration update to their key constituents. At a presentation to the key stakeholders on November 8, 2006, the Debtors provided a comprehensive update of the then-current state of their claims administration process, including the results of their preliminary claims estimations. As a result of information provided during that presentation, among other things, one of the requirements of the Framework Agreements is that certain prepetition trade and other unsecured claims be reduced to \$1.7 billion or less. Accordingly, during the Application Period, the Debtors, with the assistance of Skadden and other members of the claims reconciliation team, devoted a significant amount of time (i) identifying proofs of claim subject to objection, (ii) objecting to these proofs of claim pursuant to omnibus claims objections, (iii) prosecuting omnibus objections at omnibus hearings, (iv) implementing (after negotiations with the Creditors' Committee and other parties, and ultimate approval by this Court) streamlined procedures, as described more fully below, to resolve contested claim objections, and (v) prosecuting and/or resolving contested claim objections both with and without the assistance of the Court.

58. Prior to the Application Period, the Debtors filed their first omnibus claims objection, which resulted in this Court's entering an Order, during the Application Period, expunging approximately 3,500 proofs of claims in the amount of approximately \$1.7 billion. During the Application Period, the Debtors, with the assistance of Skadden and other members of the claims reconciliation team, continued to identify thousands of proofs of claim subject to objection on both procedural and substantive grounds, and filed six additional omnibus claims

objections. These six omnibus claims objections ultimately resulted in the entry of orders disallowing, expunging, or reducing approximately 4,800 additional proofs of claims in the approximate amount of \$6.4 billion.

59. In addition, due to the volume of filed claims and the need for an expedited resolution of contested claims matters, the Debtors anticipated the need for a streamlined claims resolution process. Accordingly, Skadden worked with the Debtors' claims reconciliation team to design procedures to streamline the resolution of such claims. Skadden assisted the Debtors by drafting a motion (the "Claim Objection Procedures Motion") seeking authority to implement claim objection procedures (the "Claim Objection Procedures") that would streamline the resolution of contested claims matters by, among other things, (i) establishing procedures to facilitate the resolution of contested claims without resort to evidentiary hearings, including "meet-and-confer" discussions and mediations, (ii) limiting, when litigation is necessary, the scope of discovery, the number of witnesses called at hearing, and the time allocated for hearing, (iii) providing flexibility for parties to alter the procedures to address the needs of particular claims to enhance the likelihood of consensual resolution, and (iv) establishing a mechanism to adjudicate the legal sufficiency of a claim through abbreviated procedures culminating in a "sufficiency hearing" in which no evidence is presented to the court. The Debtors received a number of both formal and informal objections to the Claim Objection Procedures Motion, including an informal objection by the Creditors' Committee. Skadden engaged in extensive negotiations with the objecting parties, the Creditors' Committee in particular, and made certain modifications to the Claim Objection Procedures to resolve many of the objecting parties' concerns. Skadden, on behalf of the Debtors, prosecuted the Claim Objection Procedures Motion at the November 30, 2006 omnibus hearing, and ultimately obtained an order from this Court

approving the procedures as modified pursuant to negotiation (the "Claim Objection Procedures Order") (Docket No. 6089). The procedures established pursuant to the Claim Objection Procedures Order have been instrumental in the Debtors' success in expeditiously reconciling claims filed in these cases.

60. With the Claim Objection Procedures Order in place, Skadden, during the Application Period, assisted the Debtors in identifying 15 contested claims in the approximate amount of \$210 million to be noticed for sufficiency hearing and 20 contested claims in the approximate amount of \$83 million to be noticed for claims objection hearing. Skadden prosecuted the 15 contested claims noticed for sufficiency hearing at the January 12, 2007 sufficiency hearing, and this Court entered an order (Docket No. 6701) disallowing and expunging fourteen of those claims in the aggregate amount of approximately \$210 million.

61. In addition, during the Application Period, Skadden prosecuted the twenty contested claims noticed for claims objection hearing by (i) participating in multiple "meet and confer" discussions and mediations, (ii) engaging in extensive negotiations leading to the ultimate resolution of a large number of the claims, and (iii) litigating all aspects of the claims in the different stages of the Claim Objection Procedures, including drafting and responding to discovery, preparing witnesses, and drafting trial briefs. As a result of these services provided by Skadden during the Application Period, the Debtors were able to negotiate, both during and after the Application Period, the consensual resolution of 13 of the contested claims noticed for claims objection hearings during the Application Period.

In connection with the foregoing services, Skadden expended 4,374.4 hours during the Application Period for which Skadden seeks compensation of \$2,081,005, or 16.2% of

the total compensation sought in this Interim Application.¹⁷ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-2. C. Customer Matters (Reviews/Investigations)

62. On January 20, 2006, the Debtors filed their Schedules of Assets and Liabilities (Docket No. 1854) and their Statement of Financial Affairs (Docket No. 1855) listing certain unliquidated claims that the Debtors held against GM. On March 24, 2006, the Creditors' Committee filed a Motion For An Order Compelling The Production Of Documents By General Motors Corporation Pursuant To Rule 2004 Of The Federal Rules Of Civil Procedure (Docket No. 2961) requesting this Court's direction for GM to turn over certain documents to the Creditors' Committee so that the Creditors' Committee could evaluate certain claims that the Debtors hold against GM and that GM allegedly holds against the Debtors. The Debtors did not object to the Creditors' Committee's motion, which resulted in the Creditors' Committee and GM entering into a stipulation and agreed order on April 11, 2006 whereby the Creditors' Committee and GM agreed that the Creditors' Committee was authorized to seek document production from GM and that GM would produce certain documents.

63. On March 28, 2006, the Debtors filed their Motion For Approval Of Joint Interest Agreement Between the Debtors And The Official Committee Of Unsecured Creditors, Implementation Of Protective Order, And Approval Of Procedures To Protect Information In Fee Statements (Docket No. 3000) seeking this Court's authority to share certain confidential

information with the Creditors' Committee to facilitate the Creditors' Committee's ability to investigate various on-going investigations.

64. On May 11, 2006, the Creditors' Committee sent a letter (the "Demand Letter") and subsequently a draft complaint (the "Draft Complaint") to the Board demanding that the Debtors promptly pursue certain claims and defenses that the Debtors may have against GM. The Draft Complaint was based in part on documents provided to the Creditors' Committee under a joint interest agreement previously approved by this Court.

65. On July 28, 2006, the Creditors' Committee filed its motion seeking court authority to prosecute the Debtors' claims and defenses against GM and certain former officers of the Debtors on Delphi's behalf (also known as the STN Motion) (Docket No. 4718),¹⁸ to which the Debtors filed a preliminary objection on August 4, 2006 (Docket No. 4859). The STN Motion remains pending. As of the end of the Application Period, the STN Motion was adjourned to the February 15, 2007 omnibus hearing and has subsequently been adjourned to the April 20, 2007 omnibus hearing.

66. In light of the various filings and demand letters, beginning prior to the Application Period and continuing during the Application Period, Skadden assisted the Debtors in conducting a further factual inquiry regarding the evaluation of the Debtors' potential claims and defenses against GM. In conducting the factual inquiry, Skadden reviewed thousands of documents, conducted thirty-two interviews, and kept detailed records of the inquiry. Skadden also continued throughout the Application Period to research and assist the Debtors and the Board in evaluating the legal merits of potential claims and defenses against GM. Finally, in December

¹⁸ Shortly after the formation of the Equity Committee, the Debtors solicited the Equity Committee's views regarding potential estate claims against GM. On August 24, 2006, the Equity Committee delivered a letter to the Debtors stating that the Equity Committee's view of the Debtors' claims and defenses against GM, and on September 5, 2006, the Equity Committee filed its objection to the STN Motion (Docket No. 5070).

and January, and continuing beyond the Application Period, Skadden assisted the Debtors and their financial advisors in analyzing and evaluating potential damages recoveries in various potential litigation scenarios.

67. In connection with the foregoing services, Skadden professionals expended 1,284.9 hours during the Application Period for which Skadden seeks compensation of \$661,440, or 5.2% of the total compensation sought in this Interim Application.¹⁹ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-3. D. Case Administration

68. This category is comprised of matters relating to, among other things, (a) general preparation for, and attendance at, court hearings, (b) general communications with creditors and other parties-in-interest, (c) general case administration, including duties pertaining to service of process, (d) general advice with respect to the prosecution of the Reorganization Cases, and (e) general advice with respect to the rights and duties of debtors-in-possession in the administration of the Reorganization Cases.

69. Skadden devoted significant time preparing for and attending the omnibus and special hearings that this Court established. The omnibus hearings have streamlined the administration of these Reorganization Cases by establishing a schedule known to all parties-in-interest for Court hearings and consolidating multiple matters in a single hearing, thus eliminating unnecessary time and expense spent appearing before the Court on numerous occasions each month regarding disparate matters. Indeed, despite the fact that the Debtors are the largest manufacturing company ever to have sought reorganization relief, the Debtors have held only 15 omnibus hearings to date, including three omnibus hearings during the Application Period.²⁰ At these three omnibus hearings, 25 discrete matters were heard. This omnibus hearing schedule requires a carefully coordinated, but limited, team of Skadden attorneys to attend the hearings, to meet with numerous parties-in-interest who appear, and to resolve as many issues as possible without court intervention. In fact, it is not unusual for differences to be bridged at the courthouse just prior to the applicable hearing. Indeed, the Debtors, with the assistance of Skadden and the Debtors' other professionals, have succeeded in presenting the great majority of

²⁰ During the Application Period there were also several additional off-omnibus hearings. Specifically, there were two claims hearings, a hearing regarding the refinancing of the DIP facility, and a hearing on the Framework Agreement that spanned two days.

these matters as uncontested or resolved. To date, there have been relatively few contested matters in these cases, and even fewer matters that actually required contested evidentiary hearings. Following the hearings, Skadden must occasionally modify proposed orders to comply with the Court's rulings and subsequently submit those orders to this Court for entry and docketing. But for the coordinated efforts of Skadden (as well as the Debtors' other retained professionals) in connection with these hearings, this simply would not be possible.

70. The internal coordination of motions, responses, objections, witnesses, and other related matters requires close and careful attention by the entire Skadden team. The omnibus hearing schedule established in these Reorganization Cases is designed to efficiently address nearly all matters arising in these cases but requires that multiple professionals and paraprofessionals assist with various functions with respect to each omnibus hearing. For example, the monthly omnibus hearing agendas that Skadden prepares require significant attention by Skadden paraprofessionals. Skadden attorneys are then requested to review and approve the particular matter(s) on the agenda for which they have principal responsibility to ensure that all relevant filings are properly reflected.

71. Moreover, given the size and complexity of these Reorganization Cases, the Debtors and Skadden are presented with a unique set of challenges in administering the cases, tracking motions filed by others, responding to inquiries from parties-in-interest, and maintaining organization and control over a case that could quickly become disorganized if attention were not provided to case administration matters on a continual basis. Thus, for instance, Skadden worked closely with the Debtors, this Court's Clerk's Office, representatives of this Court's Chambers, the U.S. Trustee's Office, the Debtors' notice and claims agent (Kurtzman Carson Consultants LLC ("KCC")), the Debtors' public relations advisors, and the Debtors' other advisors in coordinating

the various procedures and processes to aid in the administration of the Reorganization Cases, including a dedicated website (which required periodic updates to communicate significant events during these cases), telephone hotlines, and e-mail information sites to assist in responding to the numerous inquiries that this case has generated. At the commencement of the Reorganization Cases, for example, the Debtors and Skadden established a telephone hotline that provides basic information to callers and allows them to leave voicemail messages to be returned by an appropriate Skadden attorney. During the Application Period, approximately 292 messages were submitted to the hotline. In addition, numerous parties contacted Skadden directly with their inquiries. When necessary, Skadden researched responses to more complicated voicemail messages and otherwise responded to inquiries tendered directly on the hotline. A considerable amount of time was devoted to these efforts.

72. Skadden also estimates that it received hundreds of pieces of written correspondence during the Application Period, all of which were routed to appropriate professionals within Skadden and answered either orally or in writing. Skadden necessarily devoted significant resources responding to these matters. These efforts assured responsive answers to parties, ensured that the Debtors continued to conduct their affairs in accordance with the Bankruptcy Code and applicable nonbankruptcy law, and also assisted the Debtors and their estates by resolving numerous matters that might otherwise have resulted in pleadings filed with this Court.

73. In addition to communications matters, various files were maintained by paraprofessionals that were critical to the ability of Skadden and others to promptly address issues that arose during the Application Period. Skadden reviewed all pleadings and orders filed in the Reorganization Cases and worked with KCC to ensure that entities entitled to notice were kept

informed of significant events in the Reorganization Cases. The efficient management of administrative matters in a paper-intensive case of this size is a significant task. Each week, the Debtors and Skadden are inundated with correspondence, documents, requests, pleadings, and other papers. During the Application Period, nearly 1,939 items were docketed. On average, at least 15 pleadings were filed and docketed each day (including weekends and holidays) during the 123 days in the Application Period. As of January 31, 2007, approximately 7,181 items had been docketed.

74. Given this volume of activity, Skadden maintained various procedures to create efficiencies in the management of the Reorganization Cases and to avoid unnecessary duplication of effort between its own professionals and its advisors. For instance, during the Application Period, Skadden kept detailed calendars of future events in the Reorganization Cases and maintained other planning tools to ensure that critical deadlines were met in this large and highly complex case and that an individual professional was assigned principal responsibility for nearly each discrete task to be completed.

75. Skadden is also required to devote substantial attention and resources to notice and related matters in these cases. As of the end of the Application Period, there were approximately 473 parties on the core service lists, including approximately 61 parties on the Master Service List,²¹ and an additional 412 parties who had filed a notice of appearance or request for notice in these cases (the "2002 List Parties"). Skadden, through its paraprofessionals, updates and maintains these lists to ensure proper notice by reviewing each pleading filed and updating the entities that firms represent as well as recording relevant addresses, reviewing all

²¹ The Master Service List is comprised of (a) the Debtors and their counsel, (b) the Office of the United States Trustee, (c) the members of and counsel for the Creditors' Committee and the Equity Committee, (d) counsel for the agent under the Debtors' former prepetition credit facility, (e) counsel for the agent under the Debtors' postpetition credit facility, and (f) those parties which may be added to the Master Service List upon written request to the Debtors or as may be otherwise ordered by the Court for good and sufficient cause.

electronic and written correspondence to ensure that all lists are accurate, and reviewing all notices of appearance to minimize the chance that a party-in-interest is inadvertently excluded from a mailing.

76. In connection with the foregoing services, Skadden expended 2,087.7 hours during the Application Period for which Skadden seeks compensation of \$613,369, or 4.8% of the total compensation sought in this Interim Application.²² Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-4. E. Asset Dispositions (General)

77. The Debtors have stated that to achieve the necessary cost savings and operational effectiveness envisioned in their transformation plan, they must streamline their product portfolio to capitalize on their world-class technology and market strengths and make the necessary manufacturing alignment with their new focus. As part of this effort, the Debtors identified non-core product lines that do not fit into the company's future strategic framework and planned to sell or wind-down these product lines. These non-core product lines include Brake and Chassis Systems, Catalysts, Cockpits and Instrument Panels, Door Modules and Latches, Ride Dynamics, Steering, and Wheel Bearings. During the Application Period, Skadden allocated significant resources in advising the Debtors with respect to various contemplated divestitures of significant assets and began drafting and reviewing various pleadings and purchase agreements in connection with the contemplated divestitures.

78. As part of this process, during the Application Period, Skadden advised the Debtors with respect to the sale of the Company's brake hose manufacturing business in Dayton, Ohio to Harco Manufacturing Group, LLC ("Harco"). The Debtors believe that the brake hose product line is fundamentally strong, but the business does not fit within the Debtors' anticipated

product portfolio under their transformation plan. Accordingly, just prior to the end of the Application Period, Skadden worked with the Debtors to facilitate that transaction. In that regard, among other things, Skadden drafted and filed a motion (the "Brake Hose Business Sale Motion") (Docket No. 6742) seeking approval of bidding procedures and certain bid protections for Harco as the stalking horse bidder. The Brake Hose Business Sale Motion also sought approval at a later date of (a) the sale of the brake hose business to Harco for \$9.75 million, (b) the assumption and assignment of certain executory contracts and unexpired leases to Harco or a subsequent successful bidder, and (c) the assumption of certain liabilities. Following the Application Period, this Court approved the bidding procedures and bid protections.

79. Similarly, during the Application Period, Skadden assisted the Debtors with preparation for potential divestitures of several other lines of the Debtors' business, including, among other things, the sale of Delphi's Steering, Interior, and Closures businesses. Skadden worked with the Debtors to assess various bids and term sheets, reviewed and drafted asset purchase agreements, and began preparing pleadings, notices, and drafting proposed orders customary for such transactions to be submitted for Court approval. By the end of the Application Period, the Debtors were continuing to negotiate the terms of those transactions.

80. In connection with the foregoing services, Skadden expended 869.6 hours during the Application Period for which Skadden seeks compensation of \$492,762, or 3.8% of the total compensation sought in this Interim Application.²³ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-5. F. Rights Offering

81. In connection with the EPCA, and in contemplation of a rights offering in connection with the Debtors' reorganization plan as outlined in the EPCA and the PSA, during the Application Period, the Debtors, with the assistance of Skadden, devoted a significant amount of time to the development of the rights offering procedures and the drafting of an S-1 Registration Statement (the "Registration Statement") that was ultimately filed with the Securities and Exchange Commission on March 7, 2007, after the Application Period. The Debtors, with the

assistance of Skadden, devoted a significant amount of time discussing and negotiating the Registration Statement with the Plan Investors and the Statutory Committees. Skadden also undertook a diligence review of the Debtors and dedicated time during the Application Period to researching certain issues related to the unique aspects of the rights offering as contemplated by the Registration Statement.

82. In connection with the foregoing services, Skadden expended 745.8 hours during the Application Period for which Skadden seeks compensation of \$444,341, or 3.5% of the total compensation sought in this Interim Application.²⁴ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-6. G. Tax Matters

83. In connection with the development and negotiation of the Framework Agreements and to lay the groundwork for a potential plan of reorganization and emergence from chapter 11, during the Application Period, Skadden continued analyzing certain complex tax ramifications of various framework agreement proposals, including the Framework Agreements with the Plan Investors. In particular, Skadden professionals researched and analyzed the Debtors' ability to utilize certain favorable tax rules available under section 382 of the Internal Revenue Code as they relate to various scenarios proposed in the framework discussions. These issues include, among other things, matters related to change-in-control and potential limitations on the uses of net operating losses and other tax assets after emerging from chapter 11. In addition, Skadden continued to analyze certain income tax ramifications resulting from the various framework agreement proposals, including the agreed-upon Framework Agreements with the Plan Investors. Skadden assisted in preparing the tax disclosure for the Form S-1 relating to the issuance of rights to certain holders of the Debtors' common stock, as contemplated under the EPCA. Finally, Skadden assisted the Debtors in reviewing and analyzing various issues in connection with reconciling proofs of claim filed by various federal, state, and local taxing authorities.

84. In connection with the foregoing services, Skadden expended 687.8 hours during the Application Period for which Skadden seeks compensation of \$417,360, or 3.3% of the total compensation sought in this Interim Application.²⁵ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-7. Matters Between \$100,000 And \$400,000

H. Nonworking Travel Time

85. Because of the extensive breadth of services that Skadden is providing to the Debtors in these Reorganization Cases, Skadden draws upon the experience and talent of a number of professionals from its worldwide organization including offices located primarily in

²⁵ This compares to \$932,086, or 10.1%, \$82,775, or 0.7%, and \$319,866, or 3.2% of the total fees requested for this matter in Skadden's First, Second, and Third Interim Fee Applications, respectively.

Chicago, London, Los Angeles, New York, and Washington, D.C. As this Court is aware, the Debtors are headquartered in Troy, Michigan, members of the Creditors' Committee are based in several states across the United States, the Debtors' postpetition lenders are based in New York, and many of the Debtors' other primary constituencies, including its Unions and GM, are based in Michigan. As a consequence of these disparate locations and the Debtors' expectation and determined need that certain Skadden partners and associates be on site in Michigan on a regular basis as well as in other locations, including New York, for specific events, Skadden professionals frequently must travel among these and other locations. Among other things, Skadden professionals travel to meet with the Board and senior management, creditor and equity constituencies, and to attend Court hearings. Skadden's professionals who spend time traveling, but not otherwise working, allocate their time to this billing category.

86. Skadden expended 1,249.9 hours during the Application Period devoted to nonworking travel time for which Skadden seeks compensation of \$393,436, or 3.1% of the total compensation sought in the Interim Application.²⁶ This amount reflects an approximate fifty-three percent (53%)²⁷ reduction from Skadden's guideline hourly rates. Detailed time entries of each Skadden professional are attached hereto as Exhibit D-8. A summary of the hours expended and the corresponding dollar amount of the travel time for each professional is provided in the following table:

²⁷ This reduction is comprised of the following: the elimination of approximately 96 hours of billed time during the Application Period as an additional accommodation to the Debtor, and thereafter, a fifty-percent (50%) reduction to the guideline hourly rates. The eliminated time charges primarily related to extended travel time occasioned by weather and air traffic control delays.

I. Retention/Fee Matters/Objections (Others)

87. Reorganization cases as large and complex as these require the coordinated efforts of a number of restructuring advisors and professionals. To this end, during the Application Period, Skadden assisted an Affiliate Debtor, MobileAria, Inc., in retaining DLA Piper LLP to advise and represent MobileAria with respect to general business, corporate, employment, and intellectual property matters. Skadden also assisted the Debtors in retaining the investment banking firm, W.Y. Campbell & Company, to provide services in connection with the formulation, analysis, negotiation, and implementation of the divestiture or other strategic alternatives relating to certain of the Debtors' non-core business lines. Skadden, on behalf of the Debtors, also worked with Rothschild Inc., KPMG LLP, PricewaterhouseCoopers LLP, Wilmer Cutler Pickering Hale and Dorr LLP, and Mayer, Brown, Rowe and Maw to expand the scope of each firm's respective engagements. In addition, during the Application Period, the Debtors, with the assistance of Skadden, began the process of preparing additional retention and supplemental retention applications for various other professional firms, which applications the Debtors anticipate will be filed during subsequent applications periods. When necessary, Skadden conferred with the Debtors and the professionals to be retained and provided assistance with evaluating discrete issues affecting the Debtors' retention of these professionals.

88. Furthermore, during the Application Period, Skadden advised the Debtors regarding the retention, pursuant to the Order Under 11 U.S.C. §§ 327, 330, and 331 Authorizing Retention Of Professionals Utilized By Debtors In Ordinary Course Of Business (the "Ordinary Course Professionals Order") (Docket No. 883), of approximately six ordinary course professionals who provide the Debtors with various non-restructuring legal, accounting, and other professional services. Because the Ordinary Course Professional Order requires any

ordinary course professional to file an affidavit prior to being retained and compensated by the Debtors, Skadden assisted the Debtors in tracking which professionals had filed such affidavits and when the expiration of the individual objection period had occurred, permitting the Debtors then to pay such ordinary course professionals.

89. In accordance with the requests of the U.S. Trustee, the Ordinary Course Professionals Order requires that any ordinary course professional whose fees exceed \$50,000 per month or \$500,000 in the aggregate during the pendency of these Reorganization Cases must be retained pursuant to a formal retention application to receive future compensation from the Debtors. Accordingly, during the Application Period, Skadden, on behalf of the Debtors, assisted Ivins, Phillips & Barker, one of the Debtors' ordinary course professionals, in preparing its formal retention application, which was ultimately filed on January 31, 2007 (Docket No. 6784).

90. Finally, at the end of the Application Period, the Fee Review Committee reviewed the fee applications filed by various professionals for the first, second, and third interim fee periods. To facilitate and centralize the review by the Fee Review Committee, Skadden, at the Fee Review Committee's request and direction, coordinated with various professionals and arranged in-person or telephonic meetings with the Fee Review Committee to review, and as necessary to negotiate, certain additional fee accommodations. Lastly, Skadden drafted and filed a notice of hearing for all the professionals' fee applications and provided relevant information to the Court, as requested.

91. In connection with the foregoing services, Skadden expended 891.4 hours during the Application Period for which Skadden seeks compensation of \$384,393, or 3.0% of the

total compensation sought in this Interim Application.²⁸ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-9. J. Retention/Fee Matters (SASM&F)

92. Skadden is one of the largest law firms in the world, with more than 1,700 attorneys located in 22 offices in 11 countries. Because of the number of the Debtors' business relationships and the number of Skadden's business clients, Skadden has been required to spend significant time since the commencement of the Reorganization Cases with respect to retention and fee issues. In particular, Skadden conducted an extensive relationship and disclosure search in connection with being retained as Debtors' counsel. In addition, as new parties have become

involved in aspects of these cases, Skadden has conducted supplementary disclosure searches and also periodically refreshes its searches to ensure the disclosure of new clients when warranted. When appropriate, Skadden prepares and files supplemental declarations disclosing certain significant relationships that Skadden may have with a party-in-interest. Finally, pursuant to the requirements of the Interim Compensation Order, Skadden prepares detailed monthly compensation packages for distribution and is required to prepare and file interim fee applications in accordance with the established procedures.

93. In addition, as discussed above, prior to the Application Period, the Fee Review Committee retained LCC to serve as its fee analyst. During the Application Period, LCC issued three separate summary reports and recommendations to the Fee Review Committee on each of Skadden's first three interim fee applications. With respect to LCC's reports on Skadden's interim fee applications, Skadden professionals were required to review, analyze, and reconcile the fee data and recommendations proposed by LCC to effectively respond to the Fee Review Committee. After reviewing and reconciling LCC's reports, during the Application Period, Skadden drafted responses to the Fee Committee in response to the reports prepared by LCC.

94. In connection with the foregoing services, Skadden expended 639.3 hours during the Application Period for which Skadden seeks compensation of \$284,463, or 2.2% of the total compensation sought in this Interim Application.²⁹ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-10. K. Litigation (Insurance Recovery)

95. During the Application Period, certain former officers and senior employees of the Debtors (the "Movants") filed a motion seeking advancement of attorneys' fees and costs incurred for litigation, through access to insurance proceeds, related to the Debtors' restatement of certain prior period financial statements, prior-period accounting practices, and the adequacy of their financial disclosures for the affected periods (Docket No. 5360). At the same time, the Movants filed a motion seeking modification of the first day Human Capital Obligations Order to require the Debtors to advance defense costs related to this litigation (Docket No. 5354). In these two motions, the Movants asserted a variety of constitutional and statutory objections to force the advancements of the legal fees and costs.

96. Skadden assisted the Debtors in drafting objections to the Movants' motions. Skadden professionals also consulted with other objectors and negotiated with all

parties to narrow the litigable issues. The parties ultimately arrived at an efficient and timely interim resolution of the dispute, not only providing the Movants with the advancements of insurance proceeds they sought, but also protecting the Debtors' estates and defending the integrity of the first day Human Capital Obligations Order during the course of the subject litigation. Skadden subsequently assisted the Debtors in drafting, presenting, and revising the proposed orders entered by the Court on December 21, 2006, as the Order Denying Motion to Modify October 13, 2005 Order and to Compel Delphi Corporation to Advance Legal Fees and Costs (Docket No. 6263), and the Order Under 11 U.S.C. § 105(a) and Fed. R. Bankr. P. 2016(a) Authorizing Advancement of Defense Costs Under Debtors' Insurance Policies (Docket No. 6264).

97. In connection with the foregoing services, Skadden professionals expended 468.5 hours during the Application Period for which Skadden seeks compensation of \$280,759, or 2.2% of the total compensation sought in this Interim Application.³⁰ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-11. A summary of the hours expended and the corresponding dollar amount of the services performed by each professional is provided in the following table:

L. Financing (DIP and Emergence)

98. In late December 2006, after reviewing the current robust conditions in the capital markets and assessing the positive momentum of the Reorganization Cases, the Debtors concluded that they could replace their existing prepetition and postpetition financing on more favorable terms. During the Application Period, the Debtors conducted a search for replacement financing and determined that it was in their best interests to refinance their existing DIP credit facility of \$2 billion and their approximately \$2.5 billion existing prepetition credit facility. Skadden, working with the Debtors' special counsel Shearman & Sterling LLP ("Shearman") (being mindful not to duplicate efforts), assisted the Debtors in negotiating and documenting the terms of a replacement financing facility (the "Replacement Financing Facility") submitted by a syndicate of lenders led by JPMorgan Chase Bank, N.A.³¹ The Replacement Financing Facility provided interest rate reductions on the Debtors' secured financing that ultimately resulted in financing savings of approximately \$9 million per month. Skadden drafted and on December 18, 2006 filed the Expedited Motion for an Order Under 11 U.S.C. §§ 105, 361, 362, 363, 364(c)(1), 364(c)(2), 364(c)(3), 364(d)(1), and 364(e) and Fed. R. Bankr. P. 2002, 4001 and 6004(g) (I) Authorizing Debtors To Obtain Post-Petition Financing And (II) Authorizing Debtors To

³¹ To avoid duplication of effort, Shearman was primarily responsible for documenting the transaction and Skadden took primary responsibility for obtaining court approval.

Refinance Secured Post-Petition Financing And Prepetition Secured Debt (the "DIP Refinancing Motion") (Docket No. 6180).

99. During the Application Period, Howard County, Indiana ("Howard County") filed a limited objection to the DIP Refinancing Motion, based on concerns that its tax liens would be negatively impacted by the relief requested therein. This was the only objection filed to the DIP Refinancing Motion. Howard County's objection was resolved through discussions between Skadden and counsel to Howard County regarding the impact of the DIP Refinancing Motion, and this Court entered an order approving that motion on January 5, 2007 (Docket No. 6461).

100. On January 9, 2007 the Debtors, with the assistance of Skadden and Shearman, finalized the Replacement Financing Facility, which consists of a \$1.75 billion first priority revolving credit facility, a \$250 million first priority term loan, and an approximate \$2.5 billion second priority term loan. Under the Replacement Financing Facility, the interest rate for the revolving facility was reduced by 25 basis points, and the interest rate for the first priority term loan was reduced by 50 basis points. By refinancing the prepetition secured debt with the second priority term loan, the interest rate was reduced by 125 to 275 basis points. Under the Replacement Financing Facility, the maturity date for the Debtors' DIP facility was also extended from October 8, 2007 to December 31, 2007.

101. In connection with the foregoing services, Skadden expended 532.2 hours during the Application Period for which Skadden seeks compensation of \$267,852, or 2.1% of the total compensation sought in this Interim Application.³² Detailed time entries of each Skadden

M. General Corporate Advice

102. During the Application Period, Skadden attended meetings of the Board and certain of the Board's standing committees. Skadden assisted the Board and Delphi senior management in part by preparing detailed analyses and other materials for distribution and discussion. Skadden also advised the Board and the Debtors' management (during these meetings, throughout the framework negotiations, and in the course of the Debtors' daily operations) on corporate governance matters related to the framework discussions and the reorganization generally.

103. Also during the Application Period, Skadden advised the Debtors in connection with the preparation of the Debtors' regulatory filings with the Securities and Exchange Commission, including the Debtors' Form 8-Ks, which are issued in connection with disclosure issues on matters such as material agreements (such as the EPCA and the PSA), financial matters (such as the refinancing of the Debtors' DIP facility), and the Debtors' monthly operating reports, as well as in connection with internal and external communication matters. In addition, during the Application Period, Skadden assisted the Debtors in preparing the Form 10-Q for the quarterly period ended September 30, 2006, which was filed after the Application Period on February 13, 2007, and the Form 10-K for the year ended December 31, 2006, which was ultimately filed on February 27, 2007, nearly one month after the end of the Application Period.

104. In addition, during the Application Period, Skadden assisted the Debtors on various matters relating to the trust preferred securities. Delphi is a party to two declarations of trust pursuant to which two series of trust preferred securities, the 8.25% Cumulative Trust Preferred Securities and the Adjustable Rate Trust Preferred Securities, were issued in 2003. Pursuant to the declarations of trust, the trusts that issued these preferred securities were liquidated during the Application Period as a result of the filing of these chapter 11 cases. In exchange for their book-entry interests in the global certificates issued pursuant to the declarations of trust, holders of the preferred securities received pro rata interests in two global notes issued by Delphi. Skadden assisted in connection with the liquidation of the trusts and the exchange of the preferred securities for interests in the global notes. During the Application Period, the Debtors, with the assistance of Skadden, negotiated the arrangements with the indenture trustee, and Skadden reviewed and commented on relevant documentation.

105. In connection with the foregoing services, Skadden expended 382.6 hours during the Application Period for which Skadden seeks compensation of \$253,853, or 2.0% of the total compensation sought in this Interim Application.³³ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-13. A summary of the hours expended and the corresponding dollar amount of the services performed by each professional is provided in the following table:

N. Automatic Stay (Relief Actions)

106. As of the Petition Dates, the Debtors were parties to more than 200 active and threatened lawsuits. Although section 362 of the Bankruptcy Code generally prohibits parties from pursuing actions against the Debtors on account of prepetition claims, a limited number of complaints were filed postpetition on account of prepetition liabilities. The Debtors, with the assistance of Skadden, communicated effectively with opposing counsel to have such complaints withdrawn. Moreover, the Debtors have received numerous requests since the Petition Dates, including approximately 50 motions, five of which were filed during the Application Period, seeking modification of the stay to allow the claimants to proceed against the Debtors in non-bankruptcy courts. Skadden worked with the Debtors' legal department and other employees of the Debtors to reach a consensual resolution in response to many of the requests for modification or relief from the stay. In certain cases, however, the Debtors and the movant were unable to resolve their differences, and on those occasions, Skadden (and in certain instances Togut, Segal & Segal LLP ("Togut")) drafted objections to these lift stay motions. One of these motions was litigated by Skadden during the Application Period.

107. In addition, prior to the Application Period, Skadden professionals worked with the Debtors' legal department, other employees of the Debtors, and the Debtors' insurers to develop procedures for consensually modifying the automatic stay to permit cost-effective and timely liquidation and settlement of certain prepetition litigation claims that are covered under the Debtors' general, product, and automobile liability insurance policies. This Court approved the implementation of such procedures on June 26, 2006 (the "Lift Stay Procedures") (Docket No. 4366). Following entry of that order, Skadden attorneys have continued to work closely with the Debtors and the Debtors' local, non-bankruptcy litigation counsel to reconcile claims under the

Lift Stay Procedures. In certain instances, in accordance with the Lift Stay Procedures, mediation has begun or mediation dates have been set to resolve many of these claims.

108. In addition, Skadden created guidelines to aid the Debtors' legal department and other employees of the Debtors in determining whether a particular claim would qualify for reconciliation and settlement under the Lift Stay Procedures. During the Application Period, Skadden continued to assist the Debtors' legal department almost daily regarding the application of these Lift Stay Procedures to various claims and to advise the Debtors regarding strategies for facilitating and ultimately implementing strategies with respect to settlements. Skadden also continues to respond to the Debtors' questions about the information that is to be included in certain reports, which the Debtors are required to provide to the Creditors' Committee and its financial advisors under this Court's order approving the Lift Stay Procedures. Finally, Skadden has assisted the Debtors in their documentation of the resolutions of claims.

109. In connection with the foregoing services, Skadden expended 520.6 hours during the Application Period for which Skadden seeks compensation of \$248,725, or 1.9% of the total compensation sought in this Interim Application.³⁴ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-14. O. Creditor Meetings/Statutory Committees

110. This category of time relates to meetings with various creditor and equity constituencies, and, in particular, with the Creditors' Committee and the Equity Committee (the "Statutory Committees") and their respective legal and financial advisors. Throughout the Application Period, Skadden regularly communicated with the Statutory Committees and their respective advisors regarding the progress and status of the Reorganization Cases.

111. In addition to day-to-day communication, during the Application Period, Skadden represented the Debtors at four formal meetings with the Statutory Committees and their professional advisors. Two of these meetings were joint meetings among the Debtors, the Creditors' Committee, and the Equity Committee and their respective professional advisors. The formal monthly meetings have provided a forum for the Statutory Committees (including their members) to address general and specific concerns. In addition to the formal meetings with the Statutory Committees, during the Application Period, the Debtors also held smaller sessions with the professionals for the Statutory Committees. These meetings have allowed the Debtors to keep the Statutory Committee members and professionals informed as to upcoming issues, such as motions to be heard at the monthly omnibus hearings, the status of the Debtors' transformation plan, development and negotiations concerning the framework agreement, and actions to be

undertaken in furtherance of the transformation plan and the framework agreement. The Debtors believe that these efforts have likely eliminated potential objections that the Statutory Committees might have filed to some of the Debtors' motions by communicating and consulting with the Statutory Committees in advance of filings and anticipated transactions, thus avoiding some unnecessary litigation expenses. Skadden assisted the Debtors in preparing for these meetings, including assisting with the coordination of information provision and status reports.

112. In connection with the foregoing services, Skadden expended 420.7 hours during the Application Period for which Skadden seeks compensation of \$215,231, or 1.7% of the total compensation sought in this Interim Application.³⁵ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-15. P. Environmental Matters

113. Skadden assisted the Debtors in their efforts to comply with environmental law while also complying with the requirements of the Bankruptcy Code. Analysis of the Debtors' potential environmental liabilities raises particularly complex factual issues because, among other reasons, a large portion of those liabilities arises from actions or operations that took place before the Debtors' separation from GM. As a result, Skadden was required to research and analyze many legal issues in connection with this matter.

114. In addition, many of the U.S. plants that Delphi intends to wind down may present environmental concerns. Therefore, Skadden assisted the Debtors in developing a strategy regarding potential alternatives for addressing these potential environmental liabilities in connection with emergence from chapter 11 and analyzing the legal issues that may arise from implementation of such strategies.

115. Furthermore, in connection with the ongoing claims review, Skadden has assisted the Debtors in analyzing various environmental claims that have been filed in these cases. In addition, Skadden assisted the Debtors with analysis and review of environmental conditions associated with the Debtors' properties in certain states, and developed provisions for resolving potential environmental liabilities in connection with possible property sales, lease rejections, or other transactional agreements. Finally, Skadden advised the Debtors regarding a settlement with certain affiliates of TRW Automotive Inc. ("TRW") resolving, among other things, certain disputes concerning the respective obligations of each of TRW and certain Affiliate Debtors

under an environmental deed providing primarily for remediation of environmental contamination at certain facilities that were transferred by TRW to Delphi with Delphi's purchase of the global diesel business from TRW in 1999. In addition, Skadden assisted the Debtors in preparing a notice of that settlement and serving that notice on certain stakeholders as required under the court-approved procedures for settling non-ordinary course claims.

116. In connection with the foregoing services, Skadden expended 297.9 hours during the Application Period for which Skadden seeks compensation of \$211,507, or 1.6% of the total compensation sought in this Interim Application.³⁶ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-16. Q. Business Operations/Strategic Planning

117. This matter covers Skadden's work with the Debtors' senior management, investment bankers, financial advisors, and other business and legal advisors in considering restructuring strategies and initiatives. Among other matters, senior Skadden lawyers

³⁶ This compares to \$163,396, or 1.8%, \$140,142, or 1.2%, and \$129,158, or 1.3% of the total fees requested for this matter in Skadden's First, Second, and Third Interim Fee Applications, respectively.

participated in weekly meetings at the Company's headquarters, including Delphi Transformation Committee meetings. Skadden also participated in numerous strategy sessions, meetings, and calls to consider such major case issues as the Debtors' development of (a) their transformation plan, (b) 2007-2011 preliminary restructuring business plan, (c) the framework discussions, and (d) various scenarios, considerations, and ramifications regarding the Reorganization Cases. Furthermore, Skadden assisted the Debtors with respect to operational issues as they relate to these Reorganization Cases, including, without limitation, conducting negotiations with the Creditors' Committee and the Equity Committee as well as analyzing certain proposed strategic intercompany transactions.

118. In addition, Skadden advises the Debtors' management of the Debtors' rights and duties as debtors-in-possession, noting proscribed, permitted, and required conduct. Skadden frequently advises the Debtors' management with respect to specific business questions posed by management that arise from events occurring in the Reorganization Cases. Part of Skadden's advice in this regard involves the participation of Skadden professionals in periodic planning and strategy conferences with the Debtors' senior management team.

119. To assist the Debtors in continuing to perform their fiduciary duties, Skadden works with the Debtors in implementing procedures for the Debtors to operate their businesses in accordance with the requirements of the Bankruptcy Code. Skadden reviews certain of the Debtors' proposed expenditures, contractual relationships, dispositions of property, and other transactions to aid the Debtors in evaluating whether the contemplated transactions are within the ordinary course of business or are outside the ordinary course of business and require Court approval.

120. Moreover, in furtherance of the Debtors' transformation plan, prior to the Application Period the Debtors, with the assistance of Skadden and other outside counsel, entered into two agreements for the outsourcing of certain information technology infrastructure services. One agreement was with Electronic Data Systems Corporation and EDS Information Services, LLC, which provides for the outsourcing of global desktops, service desks, and mainframe systems hosting (the "EDS Agreement"). The second agreement was between Delphi and Hewlett Packard Company to allow the Debtors to outsource server systems hosting (and, together with the EDS Agreement, the "IT Infrastructure Outsourcing Agreements"). The aggregate projected cost of the IT Infrastructure Outsourcing Agreements is approximately \$700-\$800 million over the seven-year term of the agreements, and after one-time transition costs of \$80 million, the Debtors expect that the IT Infrastructure Outsourcing Agreements will result in a net operating savings of \$155 million over the term of the agreements.

121. Both prior and during the Application Period, Skadden took the lead role in drafting and preparing the necessary motions to obtain this Court's approval of the IT Infrastructure Outsourcing Agreements and assisted the Debtors throughout the process to apprise the Debtors' key constituents to minimize litigation risk in the Debtors' pursuit of Court approval. To this end, Skadden assisted the Debtors in preparing material for and holding working group sessions with the Creditors' Committee to communicate the substance of the Debtors' request and apprise the Creditors' Committee of the rationale behind the Debtors' business judgment. Due to proprietary and confidential information contained in the IT Infrastructure Outsourcing Agreements, prior to the Application Period, the Debtors, with the assistance of Skadden, filed an ex parte motion for authority to file the IT Infrastructure Outsourcing Agreements under seal (Docket No. 5198), which was granted on September 28,

2006 (Docket No. 5231). Just prior to the Application Period, the Debtors also filed a motion seeking authority to enter into the IT Infrastructure Outsourcing Agreements (Docket No. 5237). During the Application Period, Skadden worked with the Debtors' business team, their financial advisors, and in-house counsel in preparing for the hearing related to the IT Infrastructure Outsourcing Agreements. On October 23, 2006 the Court entered an order approving the IT Infrastructure Outsourcing Agreements (Docket No. 5378).

122. Finally, during the Application Period, Skadden assisted the Debtors in negotiating and obtaining approval of Debtor Delphi Medical Systems Texas Corporation's ("DMS Texas") negotiated cessation of production for its sole customer. DMS Texas had incurred operating losses of approximately \$2.5 million per year, and the agreement with its sole customer allowed DMS Texas to cease operations at its Houston facility in an orderly and cost-effective manner. Under the agreement, DMS Texas also received compensation from its sole customer that significantly helped to defray the wind-down expenses. This Court approved the agreement on December 18, 2006 (Docket No. 6197).

123. In connection with the foregoing services, Skadden expended 286.6 hours during the Application Period for which Skadden seeks compensation of \$188,290, or 1.5% of the total compensation sought in this Interim Application.³⁷ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-17. A summary of the hours expended and the corresponding dollar amount of the services performed by each professional is provided in the following table:

R. Supplier Matters

124. As previously stated, Delphi is the largest industrial company ever to seek chapter 11 relief. The Debtors' manufacturing operations depend upon the timely delivery of goods and services from thousands of separate suppliers that are party to more than 96,000 distinct supply agreements. Management of the Debtors' supply chain issues was further complicated by the Debtors' reliance, consistent with normal automotive industry practice, on "just-in-time" inventory management systems and "sole source" supply methods. As discussed in

detail in motions filed earlier in these cases,³⁸ use of the just-in-time supply method means that the Debtors do not maintain a significant inventory of the components supplied by many of their suppliers. Pursuant to the sole source supply method, the Debtors frequently purchase all their requirements for a particular part from one supplier, each of which must meet demanding specifications imposed by both the Debtors and their OEM customers before they can be used in manufacturing the Debtors' products.

125. The Debtors' use of just-in-time inventory management and sole-source supply methods results in, among other things, the following unique risks to the Debtors' businesses: (a) a failure by a supplier to timely ship goods may force the Debtors' manufacturing facilities using those parts to shut down less than 24 hours after the missed shipment and the Debtors' OEM customer's manufacturing facilities to shut down less than 48 hours after the missed shipment and (b) the Debtors are unable to re-source parts to another supplier in the short-term. The Debtors' post-filing supply chain management has been further complicated by the fact that many of the Debtors' suppliers are facing similar financial pressures to those faced by the Debtors. The financial instability of some of such suppliers was significantly exacerbated by the Debtors' chapter 11 filings and the large prepetition amounts owed to suppliers at the time of the Debtors' filings.

126. During the Application Period, Skadden continued to assist the Debtors in managing numerous supply chain issues to avoid any interruptions in the supply of goods and services to the Debtors' manufacturing operations. In particular, the Debtors continued to address

P. 6004 and 9019 Authorizing Continuation of Vendor Rescue Program and Payment of Prepetition Claims of Financially-Distressed Sole Source Suppliers and Vendors Without Contracts, dated October 13, 2005 (Docket No. 17); Motion for Order Under 11 U.S.C. §§ 363(b) and 365(a) and Fed. supplier issues pursuant to the various supplier-related "first day" orders that were approved by the Court early in these cases, as well as this Court's order dated December 12, 2005 (Docket No. 1494) (the "SAAP Order"), granting the Debtors authority to assume agreements covering the supply of goods that the Debtors determine are critical to their on-going business operations. This required the Debtors, with the assistance of Skadden, to negotiate a significant number of agreements with multiple suppliers pursuant to such orders. During the Application Period, Skadden also devoted time to negotiations with suppliers regarding the extension or replacement of expiring supply agreements, including pursuant to the procedures approved by the Court in the SAAP Order.

127. In addition, during the Application Period, Skadden assisted the Debtors in responding to a complaint filed in state court by Clarion Corporation ("Clarion") related to a contract dispute with that supplier. With Skadden's assistance, the Debtors were successful at staying the state court case, and following the Application Period the Debtors began litigating Clarion's claims in the Bankruptcy Court. Separately, Skadden also assisted the Debtors with a proposed settlement of a prepetition lawsuit filed by the Debtors against one of its suppliers by, reviewing and commenting on the proposed settlement agreement, among other things, and focusing on whether Court approval was required for the settlement.

128. In connection with the foregoing services, Skadden expended 442.3 hours during the Application Period for which Skadden seeks compensation of \$182,296, or 1.4% of the total compensation sought in this Interim Application.³⁹ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-18. S. Employee Matters (Labor Unions)

129. As of the Petition Dates, substantially all of the Debtors' approximately 34,750 hourly employees in the United States were represented by three principal unions – the United Automobile, Aerospace and Agricultural Implement Workers of America (the "UAW"), the IUE-CWA, and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers, International Union, AFL-CIO (the "USW"). The Debtors have master collective bargaining agreements with each of these three unions as well as "local agreements" with affiliated local unions covering primarily local issues that are worksite or business specific. The Debtors also have collective bargaining agreements with three other unions – the International Association of Machinists and Aerospace Workers (the "IAM"), the

IBEW, and the IUOE covering approximately 135 employees (the six foregoing unions (the UAW, IUE-CWA, USW, IAM, IBEW, and IUOE) being referred to herein collectively as the "Unions").

130. As this Court is aware, on March 31, 2006, the Debtors filed a Motion for Order Under 11 U.S.C. § 1113(c) Authorizing Rejection of Collective Bargaining Agreements and Under 11 U.S.C. § 1114(g) Authorizing Modification of Retiree Welfare Benefits (Docket No. 3035)(the "1113/1114 Motion") and the Court held a contested hearing on the 1113/1114 Motion in the prior application period. During the Application Period, Skadden worked with the Debtors and other professionals to further the negotiations between the Debtors and their Unions. Throughout the Application Period, Skadden worked closely (being mindful not to duplicate efforts) with O'Melveny & Myers, LLP ("O'Melveny"), special labor counsel retained by the Debtors to advise with respect to the prosecution, continuance, and ultimate suspension of the Debtors' 1113/1114 Motion.

131. Throughout the Application Period, the Debtors, with the assistance of Skadden, have continued to provide information to, and engage in discussions and negotiations with, the Unions and the Debtors' stakeholders in an effort to resolve the labor matters forming the basis of the 1113/1114 Motion. To apprise the Court of the progress of the framework discussions and other matters, the Court held five in camera status conferences during the Application Period. Skadden advised and represented the Debtors at each of these conferences.

132. During the Application Period, the Debtors, with Skadden's assistance, continued to negotiate with the USW, as well as their other unions, regarding programs similar to the UAW and IUE-CWA attrition programs previously approved by this Court. In this regard, Skadden assisted the Debtors with evaluating and responding to issues related to the ineligibility

of certain employees to participate in an IUE-CWA attrition plan at the New Brunswick facility. Skadden also assisted in evaluating and responding to claims alleged during the Application Period related to the status and arbitration of an employee's medical condition for purposes of being considered an employee able to participate in a potential USW voluntary retirement program.

133. In connection with the foregoing services, Skadden expended 280.7 hours during the Application Period for which Skadden seeks compensation of \$180,964, or 1.4% of the total compensation sought in this Interim Application.⁴⁰ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-19. A summary of the hours expended and the corresponding dollar amount of the services performed by each professional is provided in the following table:

T. Leases (Real Property)

134. The Debtors are currently lessors or lessees with respect to approximately 80 leases of real property. During the Application Period, Skadden worked closely with the Debtors on matters related to such real property leases including (a) advising the Debtors' regarding negotiating the renewal or amendments of certain leases, (b) reviewing proposed new leases and negotiating entry into certain new leases, (c) preparing and servicing notices under the Order Under 11 U.S.C. §§ 363, 1107, and 1108 Approving Procedures to Enter Into or Renew Real Property Leases Without Further Court Approval, entered on January 6, 2006 (Docket No. 1777) for new or renewed leases, (d) assisting the Debtors with their decision-making process regarding the rejection of leases including advising the Debtors regarding lease rejection claims and lease rejection strategies, (e) researching and advising the Debtors relating to the effect of leasehold assignor's liability in a rejection scenario, (f) reviewing and advising the Debtors with respect to environmental issues concerning the Debtors' nonresidential real property leases, and (g) researching, advising, and resolving various mechanics' lien claims with respect to the Debtors' leased real property.

135. In addition, during the Application Period, the Debtors, with the assistance of Skadden, proceeded to negotiate the sale-leaseback of a property in Auburn Hills, Michigan to obtain significant economic advantages from the consolidation of six leased and owned facilities in Michigan and Illinois, create a single, state-of-the-art technical center located in close proximity to the Debtors' major customers, accelerate the development of new products and

innovations, foster better communications among employees, and properly project Delphi's image of technical and technological capability. Skadden continued to assist the Debtors with the development of a strategic plan to accomplish the proposed consolidation and implementation of that plan by negotiating with brokers, sellers, investors, and other related parties regarding the numerous issues which arose with respect to the proposals to consolidate these sites.

136. Furthermore, on September 21, 2006, Orix Warren, LLC ("Orix"), a lessor which was the sole objector to the Debtors' October 2005 motion to extend the deadline to assume or reject leases under section 365(d)(4) of the Bankruptcy Code (the "Section 365(d)(4) Extension Motion"), filed a notice of a supplemental objection to the extension of the Debtors' deadline to assume or reject their unexpired lease of nonresidential real property in Warren, Ohio with Orix (the "Orix Lease") (Docket No. 5178). By way of background, pursuant to the Debtors' settlement of Orix's objection to the Section 365(d)(4) Extension Motion, as memorialized in the Order Pursuant to 11 U.S.C. § 365(d)(4) Extending Deadline to Assume or Reject Unexpired Leases of Nonresidential Real Property entered by the Court on November 29, 2005 (Docket No. 1345), the notice of a supplemental objection triggered litigation under which the Debtors had the burden to show cause for the last six months of the 18-month extension granted by the order granting the Section 365(d)(4) Extension Motion. During the Application Period, Skadden prepared and filed the Debtors' reply to Orix's objection on November 20, 2006 (Docket No. 5590), and the Declaration of John D. Sheehan, their Chief Restructuring Officer, in support of their reply (Docket No. 5590). Skadden then assisted the Debtors in commencing discovery in anticipation of a contested hearing and then negotiating with Orix to consensually resolve the objection. As a result of these efforts, Orix agreed to withdraw its objection (Docket No. 5940)

and the Debtors' six-month extension (to June 2007) to assume or reject the Orix Lease became effective.

137. In connection with the foregoing services, Skadden expended 261.9 hours during the Application Period for which Skadden seeks compensation of \$145,356, or 1.1% of the total compensation sought in this Interim Application.⁴¹ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-20. U. Employee Matters (General)

138. As of the Petition Dates, the Company employed approximately 180,000 employees worldwide, of which 50,600 were employees in the United States at approximately 44 manufacturing sites, 13 technical centers, and Delphi's Troy, Michigan headquarters.

⁴¹ This compares to \$143,190, or 1.6%, \$290,834, or 2.6%, and \$81,111, or 0.8% of the total fees requested for this matter in Skadden's First, Second, and Third Interim Fee Applications, respectively.

Approximately 34,750 of the Debtors' U.S. employees were hourly employees as of the Petition Dates, and 96% of these are union-represented. Outside the United States, the Company's foreign entities employed more than 134,000 people on the Petition Dates, supporting 120 manufacturing sites and 20 technical centers in nearly 40 countries around the globe.

139. During the Reorganization Cases, the Debtors have been attempting to restructure the compensation programs of all of their employees to market-competitive levels. Among other human capital programs, Skadden, along with the Debtors' other advisors, continue to advise the Debtors in connection with the Debtors' reassessment of the employment proposition that the Company could offer its executive workforce in light of current U.S. and marketplace economic realities. The result of this evaluation led to Skadden's drafting, prior to the Application Period, of a motion (the "KECP Motion") to implement a key employee compensation program ("KECP") based on recommendations made by the Debtors' outside compensation consultant as adopted by the Compensation and Executive Development Committee of the Board.

140. During the Application Period, Skadden continued discussions with the Creditors' Committee on issues related to both the KECP emergence incentive program and a short-term annual incentive program for the first half of 2007 that would be substantially consistent with the program designed for calendar year 2006. In addition, Skadden assisted the Debtors in their own review and analysis of the programs. At the Omnibus Hearing on January 12, 2007, the KECP emergence incentive program was removed from the Court's calendar in order to incorporate such program into the Debtors' plan of reorganization process. The hearing on the AIP for the first half of 2007 was also further adjourned, first to the February 2007 omnibus hearing, and then to the omnibus hearing scheduled for March 22, 2007.

141. In connection with the foregoing services, Skadden expended 212.2 hours during the Application Period for which Skadden seeks compensation of \$127,626, or 1.0% of the total compensation sought in this Interim Application.⁴² Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-21. X. Regulatory And SEC Matters

146. Delphi had been the subject of an ongoing investigation by the SEC involving Delphi's accounting and the adequacy of disclosures for a number of transactions dating from Delphi's separation from GM. On October 30, 2006, the SEC commenced and simultaneously settled with Delphi a lawsuit alleging violations of federal securities laws, which concluded the SEC's investigation of Delphi. Under the agreement approved by the SEC, Delphi agreed, without admitting or denying any wrongdoing, to be enjoined from future violations of the securities laws. No civil monetary penalties were imposed against Delphi. During the Application Period, Skadden assisted the Debtors in seeking the Court's approval of the settlement. On November 10, 2006, the Debtors, with the assistance of Skadden, filed their Motion for Order Authorizing Entry Into Settlement With the Securities and Exchange Commission (Docket No. 5520). The Court entered an order approving the Debtors' settlement with the SEC on December 11, 2006 (Docket No. 6140).

Z. Executory Contracts (Personalty)

150. The Debtors estimate that, as of the Petition Dates, they were parties to 347,000 scheduled executory contracts and unexpired leases, which collectively involve billions of dollars of liabilities. During the Application Period, Skadden worked closely with numerous internal and external representatives and employees of the Debtors to coordinate the review of various executory contracts and, together with the Debtors' senior management and business advisors, to evaluate contracts and leases for assumption or rejection. To conduct the analysis, Skadden participated in meetings with the Debtors' business personnel regarding appropriate proration of invoices between prepetition and postpetition periods to calculate the Debtors' postpetition payment obligations. Moreover, Skadden participated in numerous meetings and teleconferences with contract counterparties regarding contractual matters, termination notices, and other related issues.

AA. Intellectual Property

152. Throughout the Application Period, Skadden provided legal advice regarding bankruptcy-related issues affecting the Debtors' intellectual property, particularly patents and licenses. Skadden devoted time to research, track, and analyze legal issues related to the potential intellectual property claims that could be asserted against the Debtors, including, but not limited to, the possible priority status of such potential claims in the Reorganization Cases. In particular, in connection with a patent infringement case, Skadden professionals devoted time to researching and analyzing the nature of claims that could be asserted against the Debtors should they not prevail at trial. Finally, during the Application Period, Skadden assisted the Debtors in reviewing and assessing the legal implications of entering into several intellectual property licensing agreements.

⁴⁷ This compares to \$153,055, or 1.7%, \$38,078, or 0.3%, and \$69,027, or 0.7% of the total fees requested for this matter in Skadden's First, Second, and Third Interim Fee Applications, respectively.

Specifically, during the Application Period, among other things, Skadden assisted the Debtors in analyzing the costs and benefits of an intercompany transaction to contribute equity to a European subsidiary and worked with the Debtors in developing proper mechanics to consummate the transaction in compliance with the Debtors' first day orders and non-U.S. law. Skadden also initiated discussions with the Creditors' Committee on related issues.

CC. Secured Claims

156. Throughout the Application Period until January 9, 2007, when the prepetition lenders were paid in full, the Debtors, with Skadden's assistance, continued to work with and meet with their prepetition lenders to keep them reasonably informed with respect to these Reorganization Cases. Skadden also devoted time to reconciling requests for setoff under the DIP Financing Order.⁵⁰ In seeking to resolve these setoff claims, Skadden tracked certain setoff claims, researched their validity, and ultimately negotiated resolutions of the claims. Skadden also dealt with a number of issues regarding assertion of liens against the Debtors including with respect to lien litigation filed by L&W Engineering, Co. and Southtec, LLC. With respect to L&W Engineering, Co., Skadden advised the Debtors about potential settlement of the pending adversary proceeding, and Skadden participated in negotiations with L&W Engineering,

⁴⁹ This compares to \$330,534, or 3.6%, \$205,234, or 1.8%, and \$32,906, or 0.3% of the total fees requested for this matter in Skadden's First, Second, and Third Interim Fee Applications, respectively.

GG. Claims Administration (Reclamation/Trust Funds)

164. As previously disclosed to this Court, the Debtors received roughly 855 unique reclamation demands with a total face amount of more than \$285 million. During the Application Period, Skadden continued to work with the Debtors and their business advisors in negotiating the merit and amount of outstanding reclamation claims with the holders of such claims. As a result of negotiations with reclamation claimants since the Petition Dates, 737 of the original 855 non-duplicate claims were resolved (either consensually or by default) as of January 31, 2007, subject to the reservation of certain further defenses.

165. In connection with the foregoing services, Skadden expended 18.8 hours during the Application Period for which Skadden seeks compensation of \$10,641.80, or 0.1% of the total compensation sought in this Interim Application.⁵⁵ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-33. HH. Reports And Schedules

166. The Debtors are required to submit Monthly Operating Reports, which provide detailed information regarding the Debtors' assets, liabilities, and operations on a monthly basis. During the Application Period, Skadden worked with the Debtors' finance and accounting personnel, as well as the Debtors' financial advisors and the U.S. Trustee, to review and file Monthly Operating Reports for the months of September, October, November, and December 2006.

167. In connection with the foregoing services, Skadden expended 11.9 hours during the Application Period for which Skadden seeks compensation of \$7,546, or 0.1% of the total compensation sought in this Interim Application.⁵⁶ Detailed time entries of each Skadden professional related to these services are attached hereto as Exhibit D-34. Relief Requested

168. Skadden has submitted monthly fee statements for the period from October 1, 2006 through January 31, 2007, and, in accordance with the Interim Compensation Order, now submits this Interim Application covering the Application Period. Based on the firm's customary billing practices, the Debtors ordinarily would be billed a total of \$13,976,215 for fees and \$830,197 for charges and disbursements. In keeping with Skadden's commitment to self-policing its fees, charges, and disbursements, and based on various accommodations to the Debtors, Skadden voluntarily reduced, as part of its monthly fee statements, its fees by \$1,048,877, or approximately 7.5%, and its charges and disbursements by \$122,101, or approximately 14.7%. As a result, the actual amount billed to the Debtors was \$12,927,338 for fees and \$708,096 for charges and disbursements.

169. Moreover, as an additional accommodation, Skadden has voluntarily reduced the amount sought in this Interim Application by \$106,834 to reflect, among other accommodations, the elimination of (i) fees related to any timekeeper who billed fewer than ten total hours during the Application, (ii) fees related to any timekeeper who billed less than \$1,000 during the Application Period, (iii) fees related to any instance in which a timekeeper billed less than \$1,000 to a particular matter during the Application Period, and (iv) fees related to any matter to which fewer than ten hours were billed during the Application Period. As a result, the actual amount sought herein is \$12,820,504 for fees. This represents a total reduction with

respect to fees, charges, and disbursements of \$1,277,812, or approximately 8.6%, from those amounts that Skadden would customarily charge.

170. The Interim Compensation Order provides that, when seeking interim compensation, professionals must submit monthly fee statements to the Debtors, counsel to the Debtors, the U.S. Trustee, counsel for the Creditors' Committee, counsel for the agent under the Debtors' prepetition credit facility, counsel for the agent under the Debtors' postpetition credit facility, and members of the Fee Review Committee. Each person receiving a statement has at least 15 days after its receipt to review it. If no objection to a monthly fee statement is made within 45 days after the end of the applicable billing period, the Debtors are authorized to pay 80% of the fees requested (with the remaining 20% of the fees requested referred to herein as the "Holdback") and 100% of the charges and disbursements requested. Skadden has submitted monthly fee statements as described above for each of the months covered by the Application Period.

171. Skadden has received \$10,341,871 on account of billed fees and \$708,096 on account of billed charges and disbursements and has accrued a Holdback in the amount of \$2,585,467. After application of an additional client accommodation of \$106,834, Skadden is requesting payment of 50% of the Holdback, or \$1,292,733, leaving \$1,292,734 of the Holdback for this Application Period outstanding, for which Skadden will later seek payment. Skadden submits that payment of one half of the Holdback amount for this Application Period upon approval of this Interim Application is an appropriate balance between the interest of professionals in receiving prompt payment and the interest of the estates in ensuring reasonable professional compensation and reimbursement for actual or necessary expenses.

A. Allowance Of Professional Fees

172. During the Application Period, professionals at Skadden billed an aggregate of 25,473.6 hours reflected in this Interim Application working on matters concerning the Debtors' Reorganization Cases.⁵⁷ Of such time spent, 5,151.6 hours were spent by partners, 2,300.4 hours were spent by counsel, 14,650.8 hours were spent by associates, and 3,370.8 hours were spent by legal assistants. A summary showing the name and position of each such partner, counsel, associate, and legal assistant, together with that person's date of admission to the bar (as applicable), net hours during the Application Period, and blended hourly billing rate, is provided in the Summary of Services found at the beginning of this Interim Application.⁵⁸

B. Reimbursement Of Charges And Disbursements

173. As disclosed in the Retention Application that this Court approved, it is Skadden's standard policy to charge its clients in all areas of practice for certain charges and disbursements incurred in connection with such clients' cases. The charges and disbursements charged to clients include, among others, charges for messenger services, photocopying, court fees, travel expenses, postage, long distance telephone charges, computerized legal research, investigative searches, and other charges customarily billed by law firms. Certain charges and disbursements are not separately charged for under the bundled rate structure as described in the Engagement Agreement.

174. Skadden has attempted to minimize the charges and disbursements associated with the Debtors' Reorganization Cases, particularly for items such as reproduction and delivery, which have been lowered as a result of the restricted service list and the ability to

⁵⁷ Skadden maintains records of the time it expended in the rendition of all professional services, which time records are made concurrently with the rendition of professional services.

serve the 2002 List Parties electronically, which Skadden proposed and this Court approved.

During the Application Period, Skadden disbursed the following sums for actual and necessary charges and disbursements in the rendition of professional services in the Reorganization Cases, and requests that it be reimbursed therefor:

Charges And Disbursements Incurred⁵⁹

Travel Expenses.....	\$304,429
Reproduction And Document Preparation	\$229,790
Computer Legal Research	\$107,933
Outside Research	\$15,877
Electronic Document Management	\$15,795
Courier, Express Delivery, And Postage.....	\$15,592
Court Reporting	\$10,685
Telecommunications	\$7,565
Filing/Court Fees	\$430
TOTAL.....	\$708,096

175. The above charges and disbursements are reasonable and are consistent with those incurred by other bankruptcy practitioners in other large, complex chapter 11 reorganization cases in this and other districts. Moreover, Skadden believes that the unique size and complexity of these cases, including the terms of this Court's case management order, as amended, which require, among other things, overnight delivery of most pleadings, warrant reimbursement of the foregoing charges and disbursements.

Reasonableness Of Fees, Charges, And Disbursements

176. Under section 330 of the Bankruptcy Code, a Bankruptcy Court may award to a professional employed by the estates "reasonable compensation for actual, necessary services" rendered by the professional, plus "reimbursement for actual, necessary expenses." See

⁵⁹ The details relating to the charges and disbursements can be found in Exhibits D-1 through D-38 on a matter by matter basis.

11 U.S.C. § 330(a)(1). See generally In re Cenargo Int'l, 294 B.R. 571 (Bankr. S.D.N.Y. 2003); In re Child World, Inc., 185 B.R. 14 (Bankr. S.D.N.Y. 1995).

177. In determining the amount of "reasonable compensation," the Court must consider the nature, extent, and value of the services, taking into account all the relevant factors, including the time spent on such services, the rates charged for such services, whether the services were necessary and beneficial, whether the services were performed in a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed, and whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under the Bankruptcy Code. See 11 U.S.C. § 330(a)(3).

178. In assessing attorneys' fees, courts use several different approaches. The Second Circuit and bankruptcy courts in this district frequently utilize the "lodestar" method, which is a determination as to the number of hours of service reasonably devoted to the case multiplied by the attorney's reasonable rates. See Savoie v. Merchants Bank, 166 F.3d 456, 460 (2d Cir. 1999) (applying lodestar approach to non-bankruptcy case); In re Masterwear Corp., 233 B.R. 266, 277 (Bankr. S.D.N.Y. 1999). When applying the lodestar approach, courts in this district incorporate the familiar factors set forth in Johnson v. Georgia Highway Express, Inc., 488 F.2d 714 (5th Cir. 1974).⁶⁰ See, e.g., Betancourt v. Giuliani, 325 F. Supp. 2d 330, 332 n.3 (S.D.N.Y. 2004) ("In adjusting the lodestar, courts generally consider the . . . factors set forth in Johnson v. Georgia Highway Express, Inc."); Sucre v. MIC Leasing Corp. (In re Sucre), 226 B.R.

⁶⁰ The twelve Johnson factors are (1) the time and labor required, (2) the novelty and difficulty of the questions, (3) the skill requisite to perform the legal service properly, (4) the preclusion of other employment by the attorney due to acceptance of the case, (5) the customary fee, (6) whether the fee is fixed or contingent, (7) the time limitations imposed by the client or the circumstances, (8) the amount involved and the results obtained, (9) the experience, reputation, and ability of the attorneys, (10) the "undesirability" of the case, (11) the nature and length of the professional relationship with the client, and (12) awards in similar cases. Johnson, 488 F.2d at 717-19.

340, 351-52 (Bankr. S.D.N.Y. 1998) ("To determine the 'lodestar fee' the Court must make an initial objective determination as to the number of hours reasonably expended and the reasonable hourly rate After multiplying the two, the Court may adjust the product by a consideration of [the Johnson] factors." (citation omitted)).

179. In awarding attorneys' fees, courts will also consider whether the services rendered were reasonably likely to benefit the debtor's estate. See, e.g., In re Ames Dep't Stores, Inc., 76 F.3d 66, 71 (2d Cir. 1996), rev'd on other grounds, Lamie v. United States Trustee, 540 U.S. 526 (2004); In re Granite Partners, L.P., 213 B.R. 440, 447 (Bankr. S.D.N.Y. 1997); In re Drexel Burnham Lambert Group, Inc., 133 B.R. 13, 22 (Bankr. S.D.N.Y. 1991). Thus, the Court should focus on what a reasonable lawyer would have done at the time and not invoke a hindsight analysis.

[I]t is important for a court to maintain a "sense of overall proportion" and not "become enmeshed in meticulous analysis of every detailed facet of the professional representation." It is easy to speculate in retrospect that the work could have been done in less time or with fewer attorneys or with an associate rather than a partner. On the other hand, it is also possible that [the debtor] would not have enjoyed the success it did had its counsel managed matters differently.

Boston & Maine Corp. Moore, (In re Boston & Maine Corp.), 776 F.2d 2, 10 (1st Cir. 1985) (citations omitted).

180. In accordance with the factors enumerated in 11 U.S.C. § 330 and applicable case law, the amount requested herein by Skadden is fair and reasonable, in light of (a) the nature of the Reorganization Cases, (b) the novelty and complexity of the Reorganization Cases, (c) the time and labor required to represent the Debtors effectively, (d) the time limitations imposed by the Reorganization Cases, (e) the nature and extent of the services rendered, (f) Skadden's experience, reputation, and ability, (g) the value of Skadden's services, and (h) the cost of comparable services other than in a case under the Bankruptcy Code.

C. Nature, Complexity, And Duration Of Cases

181. As should be evident from the summary of Skadden's services as described above in this Interim Application, the Debtors' chapter 11 reorganization presents a particularly unique set of circumstances, and unquestionably is a large and complex case. The nature and complexity of the Reorganization Cases has required Skadden to develop case management and staffing solutions at every stage of the proceedings. These tasks have been particularly daunting in light of the Debtors' widespread operations and the relative sophistication of other parties-in-interest in these Reorganization Cases. Skadden nonetheless has assisted the Debtors by employing a streamlined case management structure that generally consists of relatively small, core teams, and has assigned various attorneys to other discrete tasks to avoid the performance of duplicative or unnecessary work.

182. Given the size of these Reorganization Cases and the number of matters that continually need to be addressed simultaneously, there have been occasions when a number of Skadden attorneys must be present and participate in the discussions and negotiations. This is particularly true of meetings with the Creditors' Committee, and the Equity Committee, and also with respect to the monthly omnibus hearings. Skadden believes that, as evident by the summaries contained in this Interim Application and the time entries attached hereto, it has articulated specific reasons for attendance by multiple attorneys on such occasions.

D. Experience Of Skadden

183. The experience of Skadden also has benefited the estates. Skadden is among the largest firms and has one of the largest restructuring groups in the world. As more fully set forth in the Retention Application, Skadden's restructuring attorneys and attorneys from other practice areas have extensive knowledge and experience in dealing with the multitude and

fast-paced issues that arise in similar chapter 11 cases. Accordingly, Skadden's depth of experience in chapter 11 matters has ensured that a number of pressing matters could be addressed promptly. In addition, Skadden's commitment to monitoring the administrative expenses of the estates, including its own legal fees, has been a constant element of its representation of the Debtors. Indeed, this emphasis has been manifested in Skadden's careful review of its fees, charges, and disbursements and a voluntary client accommodation of \$1,277,812, including a voluntary aggregate accommodation of \$1,170,978 on Skadden's monthly fee statements and an additional \$106,834 voluntary reduction on this Interim Application.

E. Comparable Services

184. An award of compensation also must be based on the cost of comparable services other than in a bankruptcy case. Skadden's rates are consistent with rate structures charged to other clients in non-bankruptcy matters. Moreover, its rate structure was disclosed clearly in its Retention Application, which this Court approved and as to which none of the major constituencies objected. The amounts sought by Skadden are consistent with the fees, charges, and disbursements incurred by other chapter 11 debtors in cases of similar size, complexity, and duration. Accordingly, the cost of comparable services supports the Interim Application, and the services performed during the Application Period more than warrant the allowance of compensation, particularly in view of the results achieved.

F. Compliance With Guidelines

185. Skadden believes that this Interim Application, together with the attachments hereto, substantially complies in all material respects with the Guidelines and the Debtors have paid all quarterly fees currently due and payable to the U.S. Trustee. To the extent

this Application does not comply in every respect with the requirements of such guidelines, Skadden respectfully requests a waiver for any such technical non-compliance.

187. Because the legal points and authorities upon which this Motion relies are incorporated herein, the Debtors respectfully request that the requirement of the service and filing of a separate memorandum of law under Local Rule 9013-1(b) of the Local Bankruptcy Rules for the United States Bankruptcy Court for the Southern District of New York be deemed satisfied.

WHEREFORE, Skadden respectfully requests that the Court (a) enter an order allowing interim compensation of \$12,820,504 to Skadden for professional services rendered as attorneys for the Debtors during the Application Period, plus reimbursement of actual and necessary charges and disbursements incurred in the amount of \$708,096, (b) authorize and direct the Debtors to pay to Skadden the amount of \$1,292,733 to reduce the Holdback accrued during the Application Period, with the remaining Holdback amount of \$1,292,734 to be held by the Debtors until further order of this Court, and (c) grant it such other and further relief as is just.

Background

A. The Chapter 11 Filings

1. On October 8, 2005 (the "Petition Date"), each of the Debtors filed a voluntary petition in this Court for reorganization relief under chapter 11 of title 11 of the United States Code, 11 U.S.C. §§ 101-1330, as amended (the "Bankruptcy Code"). The Debtors continue to operate their businesses and manage their properties as debtors-in-possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. The Debtors have moved this Court for an order for joint administration of these chapter 11 cases.

2. No trustee, examiner, or creditors' committee has been appointed in the Debtors' cases.

3. The Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409. This matter is a core proceeding pursuant to 28 U.S.C. § 157(b)(2).

4. The statutory predicate for the relief requested herein are sections 327(a) and 329 of the Bankruptcy Code and Rules 2014 and 2016 of the Federal Rules of Bankruptcy Procedure.

B. Current Business Operations Of The Debtors

5. With more than 180,000 employees worldwide, global 2004 revenues of approximately \$28.6 billion and global assets as of August 31, 2005 of approximately \$17.1 billion,² Delphi ranks as the fifth largest public company business reorganization in terms of

² The aggregated financial data used in this Motion generally consists of consolidated information from Delphi and its worldwide subsidiaries and affiliates.

revenues, and the thirteenth largest public company business reorganization in terms of assets. Delphi's non-U.S. subsidiaries are not chapter 11 debtors, will continue their business operations without supervision from the Bankruptcy Court, and will not be subject to the chapter 11 requirements of the U.S. Bankruptcy Code.

6. Over the past century, the operations which are now owned by Delphi have become a leading global technology innovator with significant engineering resources and technical competencies in a variety of disciplines. Today, the Company is arguably the single largest global supplier of vehicle electronics, transportation components, integrated systems and modules, and other electronic technology. The Company's technologies and products are present in more than 75 million vehicles on the road worldwide. The Company supplies products to nearly every major global automotive original equipment manufacturer with 2004 sales to its former parent, General Motors Corporation, equaling approximately \$15.4 billion and sales to each of Ford Motor Company, DaimlerChrysler Corporation, Renault/Nissan Motor Company, Ltd., and Volkswagen Group exceeding \$850 million.

7. As part of its growth strategy, Delphi has established an expansive global presence with a network of manufacturing sites, technical centers, sales offices, and joint ventures located in every major region of the world. In the U.S., the Debtors employ approximately 50,600 people. Those employees work in approximately 44 manufacturing sites and 13 technical centers across the country, and in Delphi's worldwide headquarters and customer center located in Troy, Michigan. Approximately 34,750 of these individuals are hourly employees, 96% of whom are represented by approximately 49 different international and local unions. Outside the United States, the Company's foreign entities employ more than

134,000 people, supporting 120 manufacturing sites and 20 technical centers across nearly 40 countries worldwide.

8. Delphi was incorporated in Delaware in 1998 as a wholly-owned subsidiary of GM. Prior to January 1, 1999, GM conducted the Company's business through various divisions and subsidiaries. Effective January 1, 1999, the assets and liabilities of these divisions and subsidiaries were transferred to Delphi and its subsidiaries and affiliates in accordance with the terms of a Master Separation Agreement between Delphi and GM. In connection with these transactions, Delphi accelerated its evolution from a North American-based, captive automotive supplier to a global supplier of components, integrated systems, and modules for a wide range of customers and applications. Although GM is still the Company's single largest customer, today more than half of Delphi's revenue is generated from non-GM sources.

9. Due to the significant planning that goes into each vehicle model, Delphi's efforts to generate new business do not immediately affect its financial results, because supplier selection in the auto industry is generally finalized several years prior to the start of production of the vehicle. When awarding new business, which is the foundation for the Company's forward revenue base, customers are increasingly concerned with the financial stability of their supply base. The Debtors believe that they will maximize stakeholder value and the Company's future prospects if they stabilize their businesses and continue to diversify their customer base. The Debtors also believe that this must be accomplished in advance of the expiration of certain benefit guarantees between GM and certain of Delphi's unions

representing most of its U.S. hourly employees which coincides with the expiration of the Company's U.S. collective bargaining agreements in the fall of 2007.

C. Events Leading To The Chapter 11 Filing

10. In the first two years following Delphi's separation from GM, the Company generated more than \$2 billion in net income. Every year thereafter, however, with the exception of 2002, the Company has suffered losses. In calendar year 2004, the Company reported a net operating loss of \$482 million on \$28.6 billion in net sales. Reflective of a downturn in the marketplace, Delphi's financial condition has deteriorated further in the first six months of 2005. The Company experienced net operating losses of \$608 million for the first six months of calendar year 2005 on six-month net sales of \$13.9 billion, which is approximately \$1 billion less in sales than during the same time period in calendar year 2004.³

11. The Debtors believe that three significant issues have largely contributed to the deterioration of the Company's financial performance: (a) increasingly unsustainable U.S. legacy liabilities and operational restrictions driven by collectively bargained agreements, including restrictions preventing the Debtors from exiting non-strategic, non-profitable operations, all of which have the effect of creating largely fixed labor costs, (b) a competitive U.S. vehicle production environment for domestic OEMs resulting in the reduced

³ Reported net losses in calendar year 2004 were \$4.8 billion, reflecting a \$4.1 billion tax charge, primarily related to the recording of a valuation allowance on the U.S. deferred tax assets as of December 31, 2004.

number of motor vehicles that GM produces annually in the United States and related pricing pressures, and (c) increasing commodity prices.

12. In light of these factors, the Company determined that it would be imprudent and irresponsible to defer addressing and resolving its U.S. legacy liabilities, product portfolio, operational issues and forward looking revenue requirements. Having concluded that pre-filing discussions with its Unions and GM were not leading to the implementation of a plan sufficient to address the Debtors' issues on a timely basis, the Company determined to commence these chapter 11 cases for its U.S. businesses to complete the Debtors' transformation plan and preserve value.

13. Through the reorganization process, the Debtors intend to achieve competitiveness for Delphi's core U.S. operations by modifying or eliminating non-competitive legacy liabilities and burdensome restrictions under current labor agreements and realigning Delphi's global product portfolio and manufacturing footprint to preserve the Company's core businesses. This will require negotiation with key stakeholders over their respective contributions to the restructuring plan or, absent consensual participation, the utilization of the chapter 11 process to achieve the necessary cost savings and operational effectiveness envisioned in the Company's transformation plan. The Debtors believe that a substantial segment of Delphi's U.S. business operations must be divested, consolidated, or wound-down through the chapter 11 process.

14. Upon the conclusion of this process, the Debtors expect to emerge from chapter 11 as a stronger, more financially sound business with viable U.S. operations that are well-positioned to advance global enterprise objectives. In the meantime, Delphi will marshal

all of its resources to continue to deliver value and high-quality products to its customers globally. Additionally, the Company will preserve and continue the strategic growth of its non-U.S. operations and maintain its prominence as the world's premier auto supplier.

Relief Requested

15. By this Application, the Debtors seek to employ and retain the firm of Skadden, as of the Petition Date, to represent the Debtors as their principal restructuring and bankruptcy counsel in connection with the filing of their chapter 11 petitions and prosecution of their chapter 11 cases. Accordingly, the Debtors respectfully request entry of interim and final orders under sections 327(a) and 329 of the Bankruptcy Code and Rules 2014 and 2016 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules") (a) authorizing each of them to employ and retain Skadden as their attorneys under a general retainer to perform the legal services that will be necessary during their chapter 11 cases and (b) scheduling a hearing to determine whether the relief should be granted on a final basis.

16. Since July 12, 2005, Skadden has performed extensive legal work for the Debtors in connection with their ongoing restructuring efforts designed to complete their transformation plan and to preserve the value of the company.

17. Prior to commencement of these chapter 11 cases, the Debtors sought the services of Skadden with respect to, among other things, advice regarding restructuring matters in general and, if required, preparation for the potential commencement and prosecution of chapter 11 cases for the Debtors pursuant to an engagement agreement with Skadden dated as of July 12, 2005 (the "Engagement Agreement").

Basis For Relief

18. The Debtors believe that continued representation by their prepetition restructuring counsel, Skadden, is critical to the Debtors' efforts to restructure their businesses because Skadden has become familiar with the Debtors' business and financial and legal affairs and, accordingly, is well-suited to guide the Debtors through the chapter 11 process.

19. Since the commencement of this engagement, Skadden has assisted the Debtors and their affiliates in connection with, among other things, acting as special corporate counsel to the Debtors and providing advice regarding, without limitation, their efforts to effectuate a consensual resolution with General Motors Corporation and the Debtors' major unions, attending board of directors meetings (and various committees thereof) and internal company meetings from time to time, and the preparations for the filing of these cases.

20. The Debtors have selected Skadden as their attorneys because of its experience and knowledge in the field of debtors' and creditors' rights and business reorganizations under chapter 11 of the Bankruptcy Code. Indeed, Skadden believes it has assembled a highly qualified team of attorneys to service the Debtors during their reorganization efforts. John Wm. Butler, Jr., co-leader of Skadden worldwide corporate restructuring practice will coordinate the overall representation of the Debtors along with Peter Allan Atkins. Mr. Butler has served as counsel in transactional work with debtors, sellers, purchasers and creditors of financially troubled companies, in nonjudicial restructurings, and in chapter 11 reorganization cases in several hundred transactions across North America and in international transactions located in Asia, Australia, Europe, South America and the Middle East. Mr. Butler has also represented creditors' and equity

committees, secured lenders and chapter 7 trustees in numerous cases in this and other jurisdictions. Attached hereto as Exhibit A is the professional biography of Mr. Butler detailing his specific experience. In addition, other members of Skadden who have been actively involved in representing the Debtors prior to the commencement of these cases will continue to perform services for the Debtors postpetition.

21. Each of the Debtors desire to employ Skadden under a general retainer because of the extensive legal services that will be required in connection with their respective chapter 11 cases and the firm's familiarity with the business, financial and legal affairs of the Debtors and their affiliates.

Services To Be Rendered

22. The services of attorneys are necessary to enable the Debtors to execute faithfully their duties as debtors-in-possession. Subject to further order of this Court, the firm of Skadden will be required to render, among others, the following services to the Debtors as requested by the Debtors:

- (a) advise the Debtors with respect to their powers and duties as debtors and debtors-in-possession in the continued management and operation of their business and properties;
- (b) attend meetings and negotiate with representatives of creditors and other parties in interest;
- (c) advise and consult on the conduct of the case, including all of the legal and administrative requirements of operating in chapter 11;
- (d) advise the Debtors in connection with any contemplated sales of assets or business combinations, including the negotiation of asset, stock purchase, merger or joint venture agreements, formulate and implement bidding procedures, evaluate competing offers, draft appropriate corporate

documents with respect to the proposed sales, and counsel the Debtors in connection with the closing of such sales;

- (e) advise the Debtors on matters relating to the evaluation of the assumption, rejection or assignment of unexpired leases and executory contracts;
- (f) provide advice to the Debtors with respect to legal issues arising in or relating to the Debtors' ordinary course of business including attendance at senior management meetings, meetings with the Debtors' financial advisors and meetings of the board of directors, and advice on employee, workers' compensation, employee benefits, executive compensation, tax, environmental, banking, insurance, securities, corporate, business operation, contracts, joint ventures, real property, press/public affairs and regulatory matters and advise the Debtors with respect to continuing disclosure and reporting obligations, if any, under securities laws;
- (g) take all necessary action to protect and preserve the Debtors' estates, including the prosecution of actions on their behalf, the defense of any actions commenced against those estates, negotiations concerning all litigation in which the Debtors may be involved and objections to claims filed against the estates;
- (h) negotiate and prepare on the Debtors' behalf plan(s) of reorganization, disclosure statement(s) and all related agreements and/or documents and take any necessary action on behalf of the Debtors to obtain confirmation of such plan(s);
- (i) prepare on the Debtors' behalf all petitions, motions, applications, answers, orders, reports, and papers necessary to the administration of the estates;
- (j) attend meetings with third parties and participate in negotiations with respect to the above matters;
- (k) appear before this Court, any appellate courts, and the U.S. Trustee, and protect the interests of the Debtors' estates before such courts and the U.S. Trustee; and
- (l) perform all other necessary legal services and provide all other necessary legal advice to the Debtors in connection with these chapter 11 cases and bring the Debtors' chapter 11 cases to a conclusion.

23. Skadden has indicated a willingness to act on behalf of, and render such services to, the Debtors.⁴

Disinterestedness Of Professionals

24. Except as set forth in the Butler Declaration, to the best of the Debtors' knowledge, the members, counsel and associates of the firm of Skadden (a) do not have any connection with any of the Debtors, their affiliates, their creditors, the U.S. Trustee, any person employed in the office of the U.S. Trustee, or any other party-in-interest, or their respective attorneys and accountants, (b) are "disinterested persons," as that term is defined in section 101(14) of the Bankruptcy Code, and (c) do not hold or represent any interest adverse to the Debtors' estates.

25. More specifically, as set forth in the Butler Declaration:

- (a) Neither Skadden nor any attorney at the Firm holds or represents an interest adverse to the estates.
- (b) Except as set forth herein and in the Butler Declaration, neither Skadden nor any attorney at the Firm is or was a creditor, an equity holder, or an insider of the Debtors, except that Skadden previously rendered legal services to the Debtors for which it was compensated. Certain Skadden attorneys may own Delphi common stock, either directly or indirectly. Also, partners of the Firm may hold Delphi common stock in managed accounts over which they have no control over investment decisions pertaining to holdings in such accounts. Pursuant to the internal policy of Skadden, the Debtors have been placed on the firm's "restricted list" and no sale or purchase of securities or claims relating to the Debtors will be

⁴ Concurrently herein, the Debtors have filed an application under 11 U.S.C. § 327(a) to retain Togut Segal & Segal as conflicts counsel and an application under 11 U.S.C. § 327(e) to retain Shearman & Sterling LLP as their special counsel. The Debtors will take the appropriate steps to ensure that there is no unnecessary and wasteful duplication of efforts by and between Togut Segal & Segal, Shearman & Sterling LLP and Skadden.

authorized or permitted during the pendency of our retention as the Debtors' counsel in the chapter 11 cases.

- (c) Neither Skadden nor any attorney at the Firm is or was an investment banker for any outstanding security of the Debtors.
- (d) Neither Skadden nor any attorney at the Firm is or was, within three years before the filing of the Debtors' chapter 11 cases, an investment banker for any security of the Debtors, or an attorney for an investment banker in connection with the offer, sale or issuance of any security of the Debtors.
- (e) Neither Skadden nor any attorney at the Firm is or was, within two years before the Petition Date, a director, officer or employee of the Debtors or of an investment banker of the Debtors.
- (f) Skadden does not have an interest materially adverse to the interests of the estates or of any class of creditors or equity security holders by reason of any direct or indirect relationship to, connection with, or interest in the Debtors or an investment banker specified in the foregoing paragraphs, or for any other reason.

26. In view of the foregoing, the Debtors believe that Skadden is a "disinterested person" within the meaning of section 101(14) of the Bankruptcy Code, as modified by section 1107(b) of the Bankruptcy Code, except as set forth in the Butler Declaration.

27. In addition, the Debtors are informed by Skadden that no other attorney at Skadden is related to any United States Bankruptcy Judge for the Southern District of New York or to the United States Trustee for such district or to any employee in the office thereof, except that Adlai S. Hardin III, a Corporate Restructuring associate employed by Skadden in its New York office, is the son of Judge Adlai Hardin.

Professional Compensation

28. The Engagement Agreement provided for the implementation of a retainer program pursuant to which the Debtors paid an initial retainer of \$500,000 for

professional services rendered and to be rendered and charges and disbursements incurred to Skadden on behalf of the Debtors in connection with those services described in the Engagement Agreement (the "Initial Retainer"). Thereafter, Skadden periodically invoiced the Debtors and drew down the Initial Retainer in payment of such invoices and was paid certain supplemental amounts in order to replenish the Initial Retainer (collectively, the "Supplemental Retainer") in the following amounts and on the following dates: \$1,600,000 on August 19, 2005, \$2,000,000 on September 8, 2005, and \$1,750,000 on September 27, 2005.

29. Pursuant to the Engagement Agreement, Skadden received a filing retainer of \$4,000,000 to be utilized in accordance with the Engagement Agreement to cover a portion of the projected fees, charges and disbursements to be incurred during the reorganization cases (the "Filing Retainer," and, together with the Initial Retainer and the Supplemental Retainer, the "Retainer").

30. Pursuant to the Engagement Agreement, Skadden will apply the Retainer to pay any fees, charges and disbursements which remain unpaid as of the Petition Date and will retain the remainder of the Retainer to be applied to any fees, charges and disbursements which remain unpaid at the end of the reorganization cases. As of October 7, 2005 (the last date on which the firm's books and records were reviewed in connection with the preparation of this application), after application of all prepetition fees, charges and disbursements incurred and posted as of that date (including estimated fees, charges and disbursements billed as of October 8, 2005 prior to the commencement of these cases), the amount of the Retainer was \$4,033,019.

31. According to Skadden's books and records, for the period July 12, 2005, through October 8, 2005, the total amount of services billed to the Debtors in connection with contingency planning was \$2,845,087 with an additional \$227,668 for charges and disbursements. During the same period, the total aggregate amount of all services billed was \$5,500,654 plus charges and disbursements in the amount of \$315,327. Skadden's books and records further reflect that for the period July 12, 2005 through October 8, 2005, Skadden received an aggregate of \$9,850,000 from the Debtors, including payments received for services rendered prior to the filing on October 8, 2005, and is inclusive of the Retainer balance of \$4,033,019. The aggregate amount applied to fees, charges and disbursements for the same period was \$5,816,981, exclusive of the Retainer balance of \$4,033,019. Any portion of the prepetition amounts received by Skadden that has not yet been applied to prepetition fees and expenses will be applied when such amounts are identified. Should any balance remain after such application, the remainder will be held as a retainer for and applied against postpetition fees and expenses that are allowed by the Court.

32. Pursuant to the Engagement Agreement, Skadden provides the Debtors with periodic (no less frequently than monthly) statements for services rendered and charges and disbursements incurred. During the course of the reorganization cases, the issuance of periodic statements shall constitute a request for an interim payment against the reasonable fees to be determined at the conclusion of the representation. For professional services, Skadden's fees are based in part on its guideline hourly rates which are periodically adjusted. Skadden will be providing professional services to the Debtors under its standard bundled rate schedule and, therefore, Skadden will not be seeking to be separately compensated for certain

staff, clerical and resource charges. As of September 1, 2005, the hourly rates under the bundled rate structure range from \$585 to \$835 for partners and of counsel, \$560 to \$640 for counsel and special counsel, \$295 to \$540 for associates, and \$90 to \$230 for legal assistants and support staff. The hourly rates set forth above are subject to periodic increases in the normal course of the firm's business, often due to the increased experience of a particular professional.

33. Skadden intends to apply to the Court for allowance of compensation for professional services rendered and reimbursement of charges and disbursements incurred in these chapter 11 cases in accordance with applicable provisions of the Bankruptcy Code, the Bankruptcy Rules, the Local Rules for the Southern District of New York (the "Local Rules") and the United States Trustee Guidelines. Skadden will seek compensation for the services of each attorney and paraprofessional acting on behalf of the Debtors in these cases at the then-current bundled rate charged for such services on a non-bankruptcy matter.

34. The hourly rates set forth above are the Firm's standard bundled hourly rates for work of this nature. These rates are set at a level designed to compensate Skadden fairly for the work of its attorneys and legal assistants and to cover fixed and routine overhead expenses including those items billed separately to other clients under the Firm's standard unbundled rate structure. Consistent with the Firm's policy with respect to other clients, Skadden will continue to charge the Debtors for all other services provided and for other charges and disbursements incurred in the rendition of services. These charges and disbursements include, among other things, costs for telephone charges, photocopying (at a reduced rate of \$0.10 per page for black and white copies and higher commensurate charges

for color copies), travel, business meals, computerized research, messengers, couriers, postage, witness fees and other fees related to trials and hearings. Charges and disbursements are invoiced pursuant to Skadden's Policy Statement Concerning Charges and Disbursements. (The "Policy Statement Concerning Charges and Disbursements" is attached as Exhibit B to the Engagement Agreement.) Certain charges and disbursements are not separately charged for under the bundled rate structure as described in the Engagement Agreement.

35. Skadden has agreed to accept as compensation such sums as may be allowed by this Court on the basis of the professional time spent, the rates charged for such services, the necessity of such services to the administration of the estate, the reasonableness of the time within which the services were performed in relation to the results achieved, and the complexity, importance, and nature of the problems, issues or tasks addressed in these cases.

36. Other than as set forth above and in the Butler Declaration, no arrangement is proposed between the Debtors and Skadden for compensation to be paid in these cases, and no agreement or understanding exists between Skadden and any other entity for the sharing of compensation received or to be received for services rendered in or in connection with the case.

Notice

37. Notice of this Application has been provided by facsimile, electronic transmission, overnight delivery or hand delivery to (i) the office of the United States Trustee, (ii) the Debtors' fifty (50) largest unsecured creditors, (iii) counsel for the agent to the Debtors' pre-petition credit facility, and (iv) counsel for the agent to the Debtors' proposed

post-petition credit facility. In light of the nature of the relief requested, the Debtors submit that no other or further notice is necessary.

Memorandum Of Law

38. Because the legal points and authorities upon which this Motion relies are incorporated herein, the Debtors respectfully request that the requirement of the service and filing of a separate memorandum of law under Local Rule 9013-1(b) be deemed satisfied.

WHEREFORE, the Debtors respectfully request that this Court enter interim and final and orders (i) authorizing the Debtors' retention of Skadden upon the terms outlined in this Application, (ii) scheduling a final hearing thereon, and (iii) granting such other and further relief as is just and proper.

tional Safety and Health Administration (OSHA); and an affiliate of U.S. Department of Transportation.

28. Judges and United States Trustees for the United States Bankruptcy Court for the Southern District of New York: I am not related, and to the best of my knowledge, no attorney at the Firm is related, to any United States District Judge or United States Bankruptcy Judge in the Southern District of New York or to the United States Trustee for such district or any employee in the office thereof, except that Adlai S. Hardin III, a Corporate Restructuring associate employed by Skadden in its New York office, is the son of Judge Adlai Hardin.

29. Many of the firm's representations of the above clients consist of representations in episodic transactional matters. Skadden's representation of the above entities will not affect the firm's representation of the Debtors in these cases. Skadden does not presently represent the above entities in any matters adverse and/or related to the Debtors.

30. Skadden is one of the largest law firms in the world and has a diverse client base. Indeed, for the period beginning September 1, 2004, and ending August 31, 2005, no single client accounted for more than 3.655% of Skadden's total value of time billed to client matters for that period. With the exception of Citigroup, Inc., Credit Suisse First Boston Corporation, Daimler Chrysler AG, Deloitte Touche Tohmatsu, Deutsche Bank AG, and JP Morgan Chase, no single client referenced in this Declaration accounted for more than 1% of Skadden's total value of time billed during that same period and, of the above group, only Citigroup, Inc. and JP Morgan Chase accounted for more than 1.8% of Skadden's total value of time billed.

31. Neither Skadden nor any attorney at the firm holds or represents an interest adverse to the estates.

32. Except as set forth herein, neither Skadden nor any attorney at Firm is or was a creditor, an equity holder, or an insider of the Debtors, except that Skadden rendered legal services to the Debtors for which it was compensated. Certain Skadden partners may own Delphi common stock, either directly or indirectly. Also, partners of the firm may hold Delphi common stock in managed accounts over which they have no control over investment decisions pertaining to holdings in such accounts. Pursuant to the internal policy of Skadden, the Debtors have been placed on the firm's "restricted list" and no sale or purchase of securities or claims relating to the Debtors will be authorized or permitted during the pendency of our retention as the Debtors' counsel in the chapter 11 cases.⁶

33. Neither Skadden nor any attorney at the Firm is or was an investment banker for any outstanding security of the Debtors.

34. Neither Skadden nor any attorney at the Firm is or was, within three years before the filing of the Debtors' chapter 11 cases, an investment banker for any

⁶ It is Skadden's written Firm policy that (i) Firm personnel are not permitted to purchase any debt or equity securities of, or claims against, any company which is a debtor in a case under the U.S. Bankruptcy Code or similar proceeding under state law or the laws of foreign jurisdictions or has publicly announced that it is contemplating such action; and (ii) if Firm personnel have acquired a debt or equity security of or a claim against a company prior to a company's filing or contemplation of a chapter 11 case and the Firm subsequently concludes that the individual's ownership of such a security or claim may interfere with the Firm's retention or compensation in connection with the case, the Firm may require the individual to divest the claim or security. If the claim or security to be divested cannot be sold in the market (e.g., because the Firm is in possession of material inside information), Firm personnel may be required to divest the claim or security without receiving any consideration therefor.

security of the Debtors, or an attorney for an investment banker in connection with the offer, sale or issuance of any security of the Debtors.

35. Neither Skadden nor any attorney at the Firm is or was, within two years before the Petition Date, a director, officer or employee of the Debtors or of an investment banker of the Debtors.

36. Skadden does not have an interest materially adverse to the interests of the estates or of any class of creditors or equity security holders by reason of any direct or indirect relationship to, connection with, or interest in the Debtors or an investment banker specified in the foregoing paragraphs, or for any other reason.

37. Pursuant to the Engagement Agreement, the Debtors waived certain non-disqualifying conflicts and agreed that Skadden may represent other present and future clients of the Firm on a basis adverse to the Debtors, including litigation, legal or other proceedings, so long as Skadden was not then and had not previously been engaged by the Debtors in the matter. However, during the pendency of the chapter 11 cases, Skadden will not represent present or future clients of the firm on matters adverse to the Debtors in these chapter 11 cases.

38. In view of the foregoing, Skadden is a "disinterested person" within the meaning of section 101(14) of the Bankruptcy Code.

PROFESSIONAL COMPENSATION

39. The Engagement Agreement provided for the implementation of a retainer program pursuant to which the Debtors paid an initial retainer of \$500,000 for professional services rendered and to be rendered and charges and disbursements incurred to Skadden on behalf of the Debtors in connection with those services described in the

Engagement Agreement (the "Initial Retainer"). Thereafter, Skadden periodically invoiced the Debtors and drew down the Initial Retainer in payment of such invoices and was paid certain supplemental amounts in order to replenish the Initial Retainer (collectively, the "Supplemental Retainer") in the following amounts and on the following dates: \$1,600,000 on August 19, 2005, \$2,000,000 on September 8, 2005, and \$1,750,000 on September 27, 2005.

40. Pursuant to the Engagement Agreement, Skadden received a filing retainer of \$4,000,000 to be utilized in accordance with the Engagement Agreement to cover a portion of the projected fees, charges and disbursements to be incurred during the reorganization cases (the "Filing Retainer," and, together with the Initial Retainer and the Supplemental Retainer, the "Retainer").

41. Pursuant to the Engagement Agreement, Skadden will apply the Retainer to pay any fees, charges and disbursements which remain unpaid as of the Petition Date and will retain the remainder of the Retainer to be applied to any fees, charges and disbursements which remain unpaid at the end of the reorganization cases. As of October 7, 2005 (the last date on which the firm's books and records were reviewed in connection with the preparation of this declaration), after application of all prepetition fees, charges and disbursements incurred and posted as of that date (including estimated fees, charges and disbursements billed as of October 8, 2005 prior to the commencement of these cases), the amount of the Retainer was \$4,033,019.

42. According to Skadden's books and records, for the period July 12, 2005 through October 8, 2005, the total amount of services billed to the Debtors in connection with contingency planning was \$2,845,087 with an additional \$227,668 in

charges and disbursements. During the same period, the total aggregate amount of all services billed was \$5,500,654 plus charges and disbursements in the amount of \$315,327. Skadden's books and records further reflect that for the period July 12, 2005 through October 8, 2005, Skadden received an aggregate of \$9,850,000 from the Debtors, including payments received for services rendered prior to the filing on October 8, 2005, and is inclusive of the Retainer balance of \$4,033,019. The aggregate amount applied to fees, charges and disbursements for the same period was \$5,816,981, exclusive of the Retainer balance of \$4,033,019. Any portion of the prepetition amounts received by Skadden that has not yet been applied to prepetition fees and expenses will be applied when such amounts are identified. Should any balance remain after such application, the remainder will be held as a retainer for and be applied against postpetition fees and expenses that are allowed by this Court.

43. Pursuant to the Engagement Agreement, Skadden provides the Debtors with periodic (no less frequently than monthly) statements for services rendered and charges and disbursements incurred. During the course of the reorganization cases, the issuance of periodic statements shall constitute a request for an interim payment against the reasonable fees to be determined at the conclusion of the representation. For professional services, Skadden's fees are based in part on its guideline hourly rates which are periodically adjusted. Skadden will be providing professional services to the Debtors under its standard bundled rate schedule and, therefore, Skadden will not be seeking to be separately compensated for certain staff, clerical and resource charges. Presently, as set forth on Exhibit B, the hourly rates under the bundled rate structure range from \$585 to \$835 for partners and of counsel, \$560 to \$640 for counsel and special counsel, \$295 to

\$540 for associates, and \$90 to \$230 for legal assistants and support staff. The hourly rates set forth above are subject to periodic increases in the normal course of the Firm's business, often due to the increased experience of a particular professional.

44. Skadden intends to apply to this Court for allowance of compensation for professional services rendered and reimbursement of charges and disbursements incurred in these chapter 11 cases in accordance with applicable provisions of the Bankruptcy Code, the Bankruptcy Rules, the Local Rules for the Southern District of New York, and the United States Trustee Guidelines. Skadden will seek compensation for the services of each attorney and paraprofessional acting on behalf of the Debtors in these cases at the then-current bundled rate charged for such services on a non-bankruptcy matter.

45. The hourly rates set forth above are the Firm's standard bundled hourly rates for work of this nature. These rates are set at a level designed to compensate Skadden fairly for the work of its attorneys and legal assistants and to cover fixed and routine overhead expenses including those items billed separately to other clients under the Firm's standard unbundled rate structure. Consistent with the Firm's policy with respect to other clients, Skadden will continue to charge the Debtors for all other services provided and for other charges and disbursements incurred in the rendition of services. These charges and disbursements include, among other things, costs for telephone charges, photocopying (at a reduced rate of \$0.10 per page for black and white copies and higher commensurate charges for color copies), travel, business meals, computerized research, messengers, couriers, postage, witness fees, and other fees related to trials and hearings. Charges and disbursements are invoiced pursuant to Skadden's Policy State-

ment Concerning Charges and Disbursements. (The "Policy Statement Concerning Charges and Disbursements" is attached as Exhibit B to the Engagement Agreement.) Certain charges and disbursements are not separately charged for under the bundled rate structure as described in the Engagement Agreement.

46. Skadden has agreed to accept as compensation such sums as may be allowed by this Court on the basis of the professional time spent, the rates charged for such services, the necessity of such services to the administration of the estate, the reasonableness of the time within which the services were performed in relation to the results achieved, and the complexity, importance, and nature of the problems, issues, or tasks addressed in these cases.

47. Other than as set forth above, no arrangement is proposed between the Debtors and Skadden for compensation to be paid in these cases.

48. Except for such sharing arrangements among Skadden, Arps, Slate, Meagher & Flom LLP, its affiliates, and their respective members, Skadden has no agreement with any other entity to share any compensation received, nor will any be made, except as permitted under section 504(b)(1) of the Bankruptcy Code.

49. Skadden has instituted and is carrying on further inquiries of its partners and associates with respect to the matters contained herein, including the approximately 1,600 attorneys in the firm's 23 domestic and international offices. Skadden will file supplemental declarations regarding this retention if any additional relevant information comes to its attention. Additionally, as a matter of retention and disclosure policy, Skadden will periodically review its past and present connections with entities materially participating in these cases from time to time and will file supplemen-

tal disclosure declarations, if warranted, contemporaneously with the filing of its professional interim fee applications.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct to the best of my knowledge, information, and belief.

Re: Engagement Agreement with Skadden

Ladies and Gentlemen:

We are pleased that Delphi Corporation, for itself and each of its subsidiaries for which there is no disqualifying conflict and which Skadden, Arps, Slate, Meagher & Flom LLP and its affiliated law practices ("Skadden" or the "Firm") has agreed to represent (collectively, the "Company"), has decided to engage Skadden as special counsel in connection with the matters described below in the "Scope of Engagement" section of this Engagement Agreement and such other matters as are assigned to us in the future and that we agree to undertake (the "Engagement"). Accordingly, the Engagement is limited to those specific matters enumerated in and/or contemplated by this Engagement Agreement.

This letter sets forth the terms of our engagement arrangements for all matters (whether pending or prospective), including staffing, fees and waivers, the scope of our engagement, the basis on which the Firm will present its bills for fees, related charges and disbursements, and certain limitations on the Firm's services arising from

potential conflicts of interest. As usual, our Engagement is to represent the Company and not its individual directors, officers, employees or shareholders. However, we anticipate that in the course of that Engagement, we may provide information or advice to directors, officers or employees in their corporate capacities or as otherwise consented to by the Company including as described below.

Scope of Engagement

We have agreed to represent the Company as special counsel in the Company's efforts to work out its present financial circumstances, which may include restructuring its financial affairs and capital structure and providing legal advice to the Company with respect to proposals from one or more third-party investors, in addition to future representation of the Company on matters for which the Firm may be engaged by the Company not related to the Company's efforts to work out its present financial circumstances. The services to be provided by the Firm in connection with the Engagement will encompass all services normally and reasonably associated with this type of engagement which the Firm is requested and is able to provide and which are consistent with its ethical obligations. As legal counsel, we are not in a position to, and the Company has not retained us to, provide financial advice. With respect to all matters of our Engagement, we will coordinate closely with the Company as to the nature of the services to be rendered by us and the scope of our engagement.

The Engagement may involve advice as to corporate transactions and corporate governance, negotiations, out-of-court agreements with creditors, equity holders, prospective acquirers and investors, review of documents, preparation of agreements, review and preparation of pleadings, court appearances and such other actions as both of us deem necessary and desirable. While the Company has advised us that it is actively pursuing a transformation strategy under the leadership of the Board of Directors and executive management of the Company (including through the Delphi Strategy Board) to address growth objectives, resolve certain financial issues and maximize the enterprise value of the Company for its stakeholders, we agree that the Engagement also will include advice to, and representation of the Company, as debtors and debtors-in-possession, should the Company seek relief pursuant to the provisions of the Bankruptcy Code subject to confirmation of our retention by the Board of Directors in the enabling resolutions adopted by the Board of Directors authorizing the commencement of chapter 11 cases and the approval of our retention by the Bankruptcy Court.

Delphi Corporation
As of July 12, 2005
Page 3

If the Company determines that reorganization cases under chapter 11 of the Bankruptcy Code are appropriate, we will prepare for the filing of the chapter 11 petitions, including review of documents and preparation of the petitions with supporting schedules and statements. During the cases and subject to our ethical obligations discussed above, we will advise and consult on the conduct of the cases, including all of the legal and administrative requirements of operating in chapter 11; prepare such administrative and procedural applications and motions as may be required for the sound conduct of the cases; prosecute and defend litigation that may arise during the course of the cases; consult with you concerning and participate in the formulation, negotiation, preparation and filing of a plan or plans of reorganization and disclosure statement(s) to accompany the plan(s); review and object to claims; analyze, recommend, prepare, and bring any causes of action created under the Bankruptcy Code; take all steps necessary and appropriate to bring the cases to a conclusion; and perform the full range of services normally associated with matters such as this which the Firm is in a position to provide.

In the event that chapter 11 cases are commenced and our retention is authorized, our representation will include, as noted above, serving as principal bankruptcy counsel to the debtors-in-possession under a general retainer, subject to court approval. Such representation also will encompass all out-of-court planning and negotiations attendant to these tasks. Although it is hoped that litigation can be avoided, subject to ethical constraints regarding conflicts of interest, we also will be available to serve the Company in any litigation capacities that become necessary to the extent that any required court approval is obtained.

Case Management and Coordination of Outside Counsel

The Company is presently using more than one law firm for representation of its interests on substantive matters including, particularly, the law firm of Shearman & Sterling LLP. It is likely that more than one law firm may be needed for such representation, particularly to represent the Company in connection with the numerous labor-intensive day-to-day tasks associated with the Company's present restructuring efforts and other matters including pending litigation, government investigations and related actions and proceedings.

Other than the general representation of the Company by Skadden as restructuring counsel and in the cases, if filed (subject to confirmation of our retention by the Board of Directors in the enabling resolutions adopted by the Board of Directors authorizing the commencement of any chapter 11 cases), the Company will continue to

have discretion to assign specific tasks to co-counsel, adjunct counsel, or special counsel (collectively, "Other Counsel"), as the case may be. If, as outlined below, we are unable to obtain court approval for all matters in potential chapter 11 cases that you wish us (and we agree) to undertake, our representation would include as many of those matters as are approved.

We are committed to working with the Company and in full cooperation with Other Counsel to manage the Engagement on a cost-efficient and productive basis. To the extent possible, given the nature and magnitude of the Engagement, steps have been taken and should continue to be taken by the Company to coordinate tasks and, when practical, to divide these tasks to avoid unnecessary duplication of effort between us and Other Counsel. As of part of this case management protocol, we agree to provide periodic information to the Company and consult with the Company's executive management team regarding work plans, professional staffing, and professional fee accruals and forecasts (as discussed below) in order to assist the Company in coordinating the Engagement on a cost-efficient and productive basis.

Engagement Personnel

Jack Butler and I will coordinate all Engagement matters on behalf of Skadden. Additional lawyers, including those in other practice areas, will be added to the Engagement on an as needed basis. We have agreed to the Company's request that, to the extent practicable under the circumstances and exigencies facing the Company, we staff the Engagement with a working group of professionals that are prepared to commit a concentrated effort to the Engagement as the Company believes that there are efficiencies of identification with, and dedication to the Engagement. We have also agreed to provide the Company with an organizational chart of lawyers assigned to the Engagement and to promptly update the organizational chart as to any changes in staffing as to which we agree to consult with and obtain the concurrence of the Company.

Fees, Charges and Disbursements

Our fees will be based primarily on the time involved in the Engagement and our bundled hourly time charges. A list of our current bundled hourly time charges using the Firm's bundled rate structure as of January 1, 2005 is attached as Exhibit A. As part of the Firm's ordinary business practices, hourly time charges are periodically reviewed and revised, and we presently plan to do so effective as of September 1, 2005.

Delphi Corporation
As of July 12, 2005
Page 5

If the Engagement results in one or more transactions or a direct economic benefit to the Company, with your concurrence as provided below, our fee would reflect a variety of factors. These factors include bundled hourly time charges, the overall benefit to the Company of the transaction, the Company's subjective appraisal of our contribution to the transaction, the cost-control and efficiency exercised in our execution of the Engagement in connection with the transaction, the personal contribution of the Skadden partners coordinating and managing the Engagement, our success in collaboration with the Company's management and integration with the Company's legal staff, and the views of our client. As to each of these factors, we consider it very important and would not submit a final statement for services rendered in excess of our bundled hourly time charges without having discussed our fee in advance with the Company based on the factors mentioned above and obtaining your concurrence.

As to billing, we will submit a client level on-account statement for all Engagement matters approximating bundled hourly time charges for payment on not less than a monthly basis, and at each matter's conclusion, we will submit a final statement for services rendered which will be based upon our bundled hourly time charges and, if appropriate, the factors outlined above, and which would credit all prior payments. Each statement submitted would be accompanied by a summary of attorney time showing the time worked by each lawyer working on an Engagement matter and the guideline hourly rate for each lawyer. In addition, our billing statements will include charges and disbursements incurred by us in the course of performing legal services in accordance with our standard practice as described in the summary attached as Exhibit B, which may be periodically updated.

From time to time, the Company may request a fee range estimate for a particular Engagement matter. Any such estimate would be premised upon certain assumptions, including, but not limited to, completion of the matter by a particular target date, no unusual issues or problems arising, no litigation, counsel for the other parties sufficiently experienced and competent to perform such counsel's normal functions in this type of matter and so forth. In such situations, we will respond promptly to the Company's request in writing although it is agreed that such estimates shall not constitute a fee cap or amendment of this Engagement Agreement and all such discussions and written estimates would be handled through Jack Butler or the undersigned in respect of the overall Engagement on behalf of the Firm.

Fee Structure and Retainers

It is customary in matters of this nature for us to receive a reasonable retainer / on account payment and to be paid promptly for services rendered and charges and disbursements incurred on behalf of the Company, including payment for the services rendered and charges and disbursements incurred prior to the date hereof. Given the size and complexity of the Company's affairs, we have requested a payment in the amount of \$500,000, representing a retainer / on account payment for professional services rendered and to be rendered and charges and disbursements incurred by us to the Company's account in connection with our representation of the Company including with respect to any consensual non-judicial restructuring as well as any initial preparation that you authorize for cases under chapter 11 of the Bankruptcy Code that may be filed by or against the Company (the "Initial Retainer"). The Company agrees to supplement the Initial Retainer from time to time during the course of the Engagement in such amounts as we mutually shall agree are reasonably necessary to maintain the Initial Retainer at a level that will be sufficient to fund Engagement fees, charges and disbursements to be incurred for time periods to be covered by the Initial Retainer.

Should the Company subsequently decide to seek chapter 11 relief, we will also require an additional retainer / on account payment to supplement the Initial Retainer in order to cover Engagement fees, charges and disbursements to be incurred during the initial phase of the reorganization cases (the "Filing Retainer"). We will determine and discuss the amount of the Filing Retainer with you prior to the initiation of any chapter 11 case or at such earlier time as either we or the Company deems appropriate or desirable. Of course, the reasonableness of the Filing Retainer remains subject to review by the court in any ensuing cases.

In the future, we will send the Company periodic invoices (not less frequently than monthly) for services rendered and charges and disbursements incurred on the basis discussed above. Each invoice constitutes a request for an interim payment against the reasonable fee to be determined at the conclusion of our representation. Upon transmittal of the invoice, unless the Company elects to promptly pay the presented statement by wire transfer, the Firm shall draw upon the Initial Retainer (as may be supplemented from time to time by supplemental retainers) in the amount of the invoice. The Company agrees upon submission of each such invoice, if so requested by the Firm, to wire the invoice amount to us as replenishment of the Initial Retainer (together with any supplemental amount to which the Firm reasonably requests), without prejudice to the Company's right to advise us of any differences it may have with respect to such

invoice. We have the right to apply to any outstanding invoice (including amounts billed prior to the date hereof), up to the remaining balance, if any, of the Initial Retainer (as may be supplemented from time to time by supplemental retainers) at any time subject to (and without prejudice to) the Company's opportunity to review our statements.

In the event that the Company subsequently determines to seek bankruptcy court protection and subject to the terms of any professional compensation order entered in the Company's chapter 11 cases, the issuance of our periodic invoice shall constitute a request for an interim payment against the reasonable fee to be determined at the conclusion of the representation. Although the Company may pay us from time to time for services rendered in our capacity as special counsel for various matters, some fees, charges, and disbursements incurred before the filing of bankruptcy petitions (voluntary or involuntary) may remain unpaid as of the date of the bankruptcy filings. Any portion of the Initial Retainer (as may be supplemented from time to time by supplemental retainers or the Filing Retainer) not otherwise properly applied will be held by us for the payment of any such unpaid fees, charges and disbursements (whether or not billed).

If orders for relief relating to the Company are entered, the unused portion, if any, of the Initial Retainer (as may be supplemented from time to time by supplemental retainers or the Filing Retainer) will be applied to any unpaid prepetition invoices and unbilled fees, charges and disbursements, although any requisite court permission will be obtained in advance. Postpetition fees, charges and disbursements will be due and payable immediately upon entry of an order containing such court approval or at such time thereafter as instructed by the court, it being agreed and understood that the unused portion, if any, of the Initial Retainer (as may be supplemented from time to time by supplemental retainers or the Filing Retainer) shall be held by us and applied against the final fee application filed and approved by the court. The Company understands that while the arrangement in this paragraph may be altered in whole or in part by the bankruptcy court, the Company shall nonetheless remain liable for payment of court approved postpetition fees and expenses. Such items are afforded administrative priority under 11 U.S.C. § 503 (b)(1). The Bankruptcy Code provides in pertinent part, at 11 U.S.C. § 1129(a)(9)(A), that a plan of reorganization cannot be confirmed unless these priority expenses are paid in full (unless such claimants agree to different treatment) in cash on the effective date of any reorganization plan.

If a dispute develops about our fees, you may be entitled under Part 137 of the Rules of the Chief Administrator of the New York Courts to arbitration of that

dispute if it involves more than one thousand and less than fifty thousand dollars. We acknowledge that following the substantial completion of the restructuring activities currently being pursued by the Company and in the circumstance that the scope of our Engagement is materially reduced, the retainer program described in this letter shall be superceded by an arrangement where the Firm is paid monthly in arrears for services rendered and charges and disbursements advanced.

Confidentiality and Related Matters

Confidential communications between a client and counsel are ordinarily privileged, but the commencement of a bankruptcy case may severely limit this attorney-client privilege. Specifically, if a trustee is appointed in any case concerning a corporate debtor or partnership, the trustee will be able to obtain from us or other counsel and disclose to others information communicated by the Company to counsel. Some courts also have held that an examiner may invade the attorney-client privilege.

Because of the nature of the Firm's practice (involving more than 1,600 lawyers throughout the United States and in various international offices), from time to time we concurrently may represent one client in a particular matter and the adversary of that client in an unrelated matter. Thus, for example, while representing the Company, we may represent a third party who is adverse to the Company in a matter unrelated to the matters covered by this Engagement Agreement. In addition, while representing the Company, we may represent an account debtor of the Company as a debtor in a reorganization case or in connection with out-of-court negotiations with such entity's creditors concerning that entity's ability to pay its debts generally.

Despite any such concurrent representation, we strictly preserve all client confidences and zealously pursue the interests of each of our clients. The mutual understanding reflected in this Engagement Agreement, including the waivers set forth below, are, of course, premised on the Firm's adherence to its professional obligation not to disclose any confidential information or to use it for another party's benefit.

With respect to third parties and based on our initial discussions concerning the Company's capital structure and given the Company's business relationships, we have identified certain entities involved with the Company (or are competitors of the Company) as our clients on matters unrelated to the Company including, but not limited to Autoliv, Inc., Citicorp USA, Inc., Credit Suisse, Deutsche Bank AG New York Branch, Hayes Lemmerz International, Inc., HSBC Bank USA, National Association and

JPMorgan Chase Bank, N.A., as well as other entities that are providing financial accommodations and services to the Company or have other material relationships. We also represented JP Morgan Chase Bank, N.A. in connection with a Receivables Purchase Agreement, dated as of March 31, 2003, as amended from time to time, among Delphi Receivables LLC as Seller, Delphi Corporation as Servicer, JP Morgan, Falcon Asset Securitization Corporation, ABN AMRO Bank N.V., Amsterdam Funding Corporation, The Bank of Tokyo-Mitsubishi, Ltd., and Gotham Funding Corporation.

While we represent certain of the Company's customers, including DaimlerChrysler Corporation and Ford Motor Company on matters unrelated to the Company, we confirm that, as of the date of this agreement, the Firm does not represent General Motors Corporation ("GM") and will not represent GM in the future prior to the termination of this agreement except on unrelated matters in accordance with the terms of this agreement and after disclosure to you of the fact of any such engagement. As previously noted to you, the Firm currently represents a subsidiary of and certain financial advisors to GM on certain limited matters unrelated to the Company, but is free to represent the Company in the Engagement on a basis adverse to GM, other than in certain non-bankruptcy litigation or proceedings, without any notice to or further consent from GM. As to the Company's directors and officers, we are representing an officer of the Company on a matter unrelated to the Company involving the officer's directorship of another company and, with the prior knowledge and consent of the Company, we are providing advice to an officer of the Company in connection with meetings, interviews, testimony, and submissions relating to the investigation of the Company by the Securities and Exchange Commission as well as the internal investigation completed prior to the date of this letter on a basis that is not adverse to the Company.

Accordingly, while for purposes of this Engagement Agreement, the Company should assume that we represent a substantial number of the Company's creditors, customers and stakeholders on matters unrelated to the Company, we will, at the Company's request, furnish you with a list of relevant clients when we receive updated information from the Company from time to time regarding its creditors and other stakeholders. In the event that chapter 11 cases are commenced, we will prepare a disclosure summary which will be publicly disclosed and will be updated periodically thereafter in connection with the filing of interim fee applications and as otherwise required.

We do not provide certain kinds of opinion letters in connection with restructuring and bankruptcy reorganization cases to clients or to others who may wish to rely upon such letters. We do not alter this policy except under very unusual circumstances and then only upon further written agreement.

Waivers and Related Matters

The Firm represents a broad base of clients on a variety of legal matters. Accordingly, absent an effective conflicts waiver, conflicts of interest may arise that could adversely affect your ability and the ability of other clients of the Firm to choose the Firm as its counsel and preclude the Firm from representing you or other clients of our Firm in pending or future matters. Given that possibility, we wish to be fair not only to you, but to our other clients as well. Accordingly, this letter will confirm our mutual agreement that the Firm may represent other present or future parties on matters other than those for which it had been or then is engaged by the Company, whether or not on a basis adverse to the Company or any of its affiliates, including in litigation, legal or other proceedings or matters, which are referred to as "Permitted Other Representation." In furtherance of this mutual agreement, the Company agrees that it will not for itself or any other party assert the Firm's representation of the Company, either previously, in its then existing representation in the Engagement, or in any other matter in which the Company retains the Firm, as a basis for disqualifying the Firm from representing another party in any Permitted Other Representation and agrees that any Permitted Other Representation does not constitute a breach of duty. Permitted Other Representation would include, without limitation, representing a client over which the Company might be seeking to acquire influence or control, or from which the Company may wish to buy assets, or representing a client regarding its interest at the time in acquiring influence or control over an entity in which the Company then has a similar interest. Notwithstanding the foregoing waivers, the Firm agrees that, during the pendency of any chapter 11 reorganization cases involving the Company in which the Firm is acting as bankruptcy and restructuring counsel pursuant to a general retainer pursuant to 11 U.S.C. § 327 (a), the Firm will not represent present or future clients of the Firm on matters adverse to the Company in such chapter 11 reorganization cases.

Our representation of the Company is premised on the Firm's adherence to its professional obligation not to disclose any confidential information or to use it for another party's benefit without the Company's consent. Provided that the Firm acts in the manner set forth in this paragraph, the Company would not for itself or any other party assert that the Firm's possession of such information, even though it may relate to a matter for which the Firm is representing another client or may be known to someone at the Firm working on the matter, (a) is a basis for disqualifying the Firm from representing another of its clients in any matter in which the Company or any other party has an interest; or (b) constitutes a breach of any duty owed by the Firm.

Delphi Corporation
As of July 12, 2005
Page 11

With respect to parties affiliated with the Company generally, including parties owned by the Company and parties that hold direct or indirect interests in the Company, it is our understanding that the Firm is not being asked to provide, and will not be providing, legal advice to, or establishing an attorney-client relationship with, any such affiliated party or person in their individual capacity and will not be expected to do so unless the Firm has been asked and has specifically agreed to do so. Finally, it is our understanding that if the Firm acts as counsel for any other party as to which the Company then owns completely, directly or indirectly, all of the common stock or similar voting interest (other than directors' qualifying shares, if any), the mutual agreement reflected in this letter, including the waivers, would apply to that party as well.

* * *

The provisions of this letter will continue in effect, including if the Firm's representation of the Company was ended at your election (which, of course, the Company would be free to do at any time) or by the Firm for Good Cause (which would be subject to ethical requirements). Good Cause includes the Company's breach of this agreement (including any material change in our engagement responsibilities (which would include the commencement of chapter 11 cases in which we were not retained as primary Section 327(a) counsel) without our consent or the failure to pay any payment when due under this Engagement Agreement), the Company's refusal or failure to cooperate with us or provide us with continuing access to the Board of Directors and senior management officers of the Company as appropriate, any fact or circumstance that would render our continuing representation unlawful or unethical, or, in our reasonable judgment, resignation of the engagement becomes necessary or appropriate. Any unused portion of the retainers we have received will be applied to our outstanding fees, charges and disbursements and the Company will promptly pay to us the remaining balance owed to us, if any. To the extent that the remaining amount of the retainers exceeds the amount of such fees, charges and disbursements, we will pay such amount to the Company. In addition, the provisions of this Engagement Letter will apply to future engagements of the Firm by the Company unless we mutually agree otherwise.

The Company agrees to make appropriate employees available to us to assist in factual inquiries and factual determinations, court hearings and appearances, transactions and dealings in relation to the subject matter with regard to which we have been retained.

This agreement shall be governed by and interpreted in accordance with the laws of the State of New York without regard to its conflicts of laws principles. For purposes of this letter, references to Skadden or the Firm include our affiliated law practice entities. There are no representations or promises other than as expressly set forth herein.

If the foregoing terms of our representation meet with your approval and accurately represent your understanding of the Company's retention agreement with us, we would appreciate your signing one copy of this Engagement Agreement and returning it to us.

In-house reproduction under the bundled rate structure is charged at \$0.10 per page. SKADDEN ARPS, SLATE, MEAGHER & FLOM LLP AND AFFILIATES
Policy Statement Concerning Charges and Disbursements
Under Standard Bundled Rate Structure
Effective 9/1/03

Skadden Arps bills for reasonable charges and disbursements incurred in connection with an engagement. Clients are billed for external charges at the actual cost billed by the vendor except in a few cases noted below; charges for internal support services are billed at rates derived from internal cost analyses or at rates set at or below comparable outside vendor charges.

I. Research Services. Charges for on-line computerized research (LexisNexis, Westlaw and financial services) and use of outside research services and materials are billed at the actual amounts charged by vendors, which have been reduced by discounts the Firm receives from vendors.

SEC filings retrieved using the Disclosure system in our library are charged based on standard vendor rates derived from an internal cost analysis.

The State of Delaware Database provides computer access to a corporations database in Dover, Delaware. The charge for this service is \$50 per transaction, which is the average amount charged by outside services.

II. Travel-Related Expenses. Out-of-town travel expenses are billed at actual cost and include air or rail travel, lodging, car rental, taxi or car service, tips and other reasonable miscellaneous items associated with travel. Corporate and/or negotiated discounted rates are passed on to the client. Specific Firm policies for expenditures relating to out-of-town travel include:

- **Air Travel.** Coach travel is used for all U.S. domestic flights unless upgrades are available at little additional cost or prior client approval is obtained for a different class. For international flights from the United States, business class is used. Travel by attorneys based outside the United States is consistent with these policies.
- **Lodging.** Overnight accommodations are generally booked with hotels with which the Firm has a corporate rate or, when this is not possible, with hotels suggested by the client.

Local travel charges include commercial transportation and, when a private car is used, mileage, tolls and parking. Specific policies govern how and when a client is charged for these expenses; these include:

- **Fares** for commercial transportation (e.g., car service, taxi or rail) are charged at the actual vendor invoice amount. The charge for private car usage is the IRS rate allowance per mile (or the equivalent outside the United States) plus the actual cost of tolls and parking.

- Round-trip transportation to the office is not charged separately for attorneys who work weekends or holidays, nor is transportation home on business days when an attorney works past a certain hour (typically 8:30 p.m.).

- Local travel for support staff is not charged when a staff member works after 8:00 p.m. specifically for the client.

III. Word Processing and Secretarial and other Special Task-Related Services. Routine secretarial tasks (correspondence, filing, travel and/or meeting arrangements, etc.) are not charged to clients. There is no separate charge for word processing and secretarial services associated with preparing legal documents.

Multi-function personnel, such as qualified secretaries and word processors, may also perform other specialized tasks (such as EDGAR filings or legal assistant services). Such work is recorded in the appropriate billing category (for example, legal assistant services are recorded as fee in "Legal Assistant Support" on bills).

IV. Reproduction and Electronic Document Management. Photocopying services (including copying, collating, tabbing and velo binding) performed in-house is charged at 10 cents per page, which represents the average internal cost per page. Color photocopies are charged at 50 cents per page (based on outside vendor rates). Photocopying projects performed by outside vendors are billed at the actual invoice amount. Special arrangements can be made for unusually large projects.

Electronic Data Management services (e.g., scanning, OCR processing, printing from scanned files, and conversions) performed by outside vendors are billed at the actual invoice amount and those performed in-house are billed at rates comparable to those charged by outside vendors.

V. Electronic Communications: Clients are charged for communications services as follows:

- **Telephone Charges.** There is no charge for local telephone calls or facsimile services. Long distance telephone calls made from the Firm are charged based on applicable rates in tariff tables and are allocated

within a client based on the hours worked by attorneys on various matters for that client. Collect, credit card and third party calls are charged at the vendor rate plus applicable taxes and are assigned to the specific matter for which such charges were incurred.

- *Facsimile Charges.* *There is no charge for outgoing or incoming facsimiles.*

VI. Postage and Courier Services. *Outside messenger and express carrier services are charged at the actual vendor invoice amount which frequently involves discounts negotiated by the Firm. Postage is charged at actual mail rates. On certain occasions, internal staff may be required to act as messengers; a standard rate is charged for their time.*

VII. UCC Filing and Searches. *Charges for filings and searches, in most instances, are based on standard amounts determined by the vendor. Unusual filings and searches will be charged based on vendor invoice.*

VIII. Meals. *Business meals with a client are charged at actual cost. Luncheon and dinner meetings with the client at the Firm are charged based on the costs developed by our food service vendor. Breakfast, beverage and snack services at the Firm's offices are not charged, except in unusual circumstances. Overtime meals are not charged separately to clients.*

IX. Direct Payment by Clients of Other Disbursements. *Other major disbursements incurred in connection with an engagement will be paid directly by the client. (Those which are incurred and paid by the Firm will be charged to the client at the actual vendor's invoice amount.) Examples of such major disbursements that clients will pay directly include:*

- *Professional Fees* *(including disbursements for outside professional services such as local counsel, accountants, witness and other professional fees).*
- *Filing/Court Fees* *(including disbursements for agency fees for filing documents, standard witness fees, juror fees).*
- *Transcription Fees* *(including disbursements for outside transcribing agencies and courtroom stenographer transcripts).*
- *Other Disbursements* *(including any other required out-of-pocket expenses incurred for the successful completion of a matter).*

Upon the application, dated October 8, 2005 (the "Application"), of Delphi Corporation ("Delphi") and certain of its subsidiaries and affiliates, debtors and debtors-in-possession in the above-captioned cases (collectively, the "Debtors"), for a final order (the "Final Order") under 11 U.S.C. §§ 327(a) and 329 and Fed. R. Bankr. P. 2014 and 2016, authorizing each of the Debtors to employ and retain the law firm of Skadden, Arps, Slate, Meagher & Flom LLP and Affiliates ("Skadden") under a general retainer as their attorneys; and upon the Affidavit Of Robert S. Miller, Jr. In Support Of Chapter 11 Petitions and First Day Orders, sworn to October 8, 2005, and the Declaration of John Wm. Butler, Jr., a member of the Firm, dated October 8, 2005, in support of the Application (the "Butler Declaration"); and this Court being satisfied with

the representations made in the Application and the Butler Declaration that such attorneys represent no interest adverse to any of the Debtors' estates, that they are disinterested persons as that term is defined under section 101(14) of the Bankruptcy Code, as modified by section 1107(b) of the Bankruptcy Code, and that their employment is necessary and would be in the best interests of each of the Debtors, their estates, their creditors, and other parties-in-interest; and it appearing that proper and adequate notice of the Application has been given and that no other or further notice is necessary; and upon the record herein; and after due deliberation thereon; and good and sufficient cause appearing therefor, it is hereby

1. The Application is GRANTED on a final basis.
2. Subject to the terms of this Final Order, the Debtors' employment of Skadden as their attorneys, effective as of the Application date, to perform the services set forth in the Application and in the engagement letter attached to the Butler Declaration as Exhibit A, is approved under sections 327(a) and 329 of the Bankruptcy Code, and Rules 2014 and 2016 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules").
3. Skadden shall be compensated in accordance with the procedures set forth in sections 330 and 331 of the Bankruptcy Code and such Bankruptcy Rules, Local Rules for the United States Bankruptcy Court for the Southern District of New York (the "Local Rules"), and United States Trustee Guidelines as may then be

applicable, from time to time, and such procedures as may be fixed by order of this Court.

4. Any party-in-interest shall have the right to raise the issue of the application of Skadden's prepetition retainer to postpetition fees and expenses incurred at any time.

5. This Court shall retain jurisdiction to hear and determine all matters arising from the implementation of this Final Order.

6. The requirement under Local Rule 9013-1(b) for the service and filing of a separate memorandum of law is deemed satisfied by the Application.
